But on any matter like the motion before the Senate, destructive to the life of the bill, I feel that it would not be proper for me to vote. I therefore ask to be excused.

POINTS OF ORDER.

Senator McGowan arose to a point of order, and stated that if the motion of Senator Smith to lay on the table carried the amendment with it, it did not carry the bill.

Senator Ford arose to a point of order, and stated that if the motion of Senator Smith to lay on the table carried with it the amendment, it must also carry the bill.

The President pro tem. reserved his decision on the above points of order until to-morrow morning immediately after reading the Journal.

REPORT OF SPECIAL COMMISSION.

Senator Shine, from the Temporary Joint Commission on Roads and Highways, presented the following report, which was ordered read and printed in the Journal:

During the reading of the report Senator Bert moved that further reading of the report be dispensed with, as same would be printed in the Journal.

So ordered.

To the Senate and Assembly:

Your Joint Temporary Commission on the California Road Policy begs leave to report progress.

It organized with Senator Shine as Chairman, and conforming to the resolution creating it, added to the Commission Mr. J. L. Maude, C.E., and Mr. H. E. Fairman, R.E., who, the legislative members of the Commission desire to say, have served it assiduously, skillfully, continuously, and with commendable public spirit without cost to your honorable bodies.

We have had the advice and witnessed the proceedings of the State Road Convention, which was called to order and addressed by his Excellency the Governor. It was a representative body in the highest sense, containing many ex-legislators, County Supervisors, engineers, agriculturists, business men, skilled road builders, carriers, miners, and other public-spirited citizens.

Its recommendations and petitions have had our earnest consideration and so far as we have deemed it wise, we have carried them into measures herewith submitted.

We have also had the advice and counsel of our Hon. State Senator Agent and Engineer John H. Reed formerly United States Department of Agriculture, who came to the State in invitation of the convention and by consent of Hon. J. Sterling Morton, Secretary of Agriculture.

After request and without cost to your bodies, General Stone accompanied a section of your Committee to the State grounds at Fresno. And there examined the vast deposits of road material lying by the State with a view to its utilization for the benefit of the people in a very large territory, and with a view of possible extension of such benefit to all parts of the State, and by extension utilization of other deposits; and the question of transportation.

With our surveyor General Stone also visited and consulted with railway carriers concerning their transportation of road material.

We have had many sessions and hearings and we desired to appear before you. We desire to say that the testimony of our expert Federal Advisor referred to, who has knowledge of all road systems and systems utilized by the State, and the testimony presented by your committee is well made by other legislatures and in several States has already resulted in most gratifying economic advances. His conclusion was that the measures we propose to advise are wise and are the only present solution of the important questions before you, and in view of the urgent your Commission concurs.

That the measures are in part:

1. That the present road policy of the State is in many respects faulty and uneconomical, resulting in great loss to the people and the testimony before us is that it results also in much waste of public money.

2. That the wise promotion of road construction and administration is one of the most urgent before your honorable bodies and calls upon you for the exercise of the most careful and wise procedure.

3. That the complete correction of error in the existing system is not possible by present legislation, owing to conflicting views among the people, leading to information by your committees and other causes, but to be accomplished by gradual advances.

4. That progress is made and accomplished that the measures before you will greatly advance the material interests of the people; will stimulate values; will lessen taxation; will encourage desirable settlements; will stimulate investment; promote the interests of labor; reduce the cost of transportation of products and supplies; improve rural conditions; advance business interests; promote production; and augment the net gains of industry.

5. That a prime necessity is the dissemination of correct information concerning economic road construction; expenditure regarding road material; inquiry into its cost of production and delivery; inquiry into causes for present unreasonable cost of road construction and advice to the people and authorities concerning the economic methods in road road promotion.

In accordance with these conclusions, we advise passage of a measure herewith submitted by the Roads and Highways Committee for us, for the early and easy utilization of road material of the State on the basis of cost-protection, by employment of State power and labor and by cost-delivery for transportation to the people. This is not to be undertaken until such time as essentials are reasonably assured to be verified, nor until guarantee is given of a sufficient demand for the material to justify the inauguration of the work.

Secondly, that the sum of money necessary to that end, and which will give employment to large numbers of workers and will enable road construction to be engaged in without absolute increasing debt or monetary increasing present road taxation, shall be returned to the State in installments to be derived from a slight percentage added to the cost of production, exclusive of power labor but inclusive of other cost. The plan thus calls for an advance rather than an absolute appropriation.

Thirdly, that a temporary Highway Board be created for the purpose of promoting the study and execution referred to, and to advise and aid communities in road construction, and to disseminate information, and to make information into uneconomic methods and secure new facts with conclusions to the next session of the legislature. We are convinced that the necessary expense of making such study and experience to such work will be a wise investment, and will result in great gain to the taxpayers of California.

Fourth, the several minor measures submitted to us by the Roads and Highways Committee of our recent meeting present authority in the hands of Supervisors, by local action bring several aids to the people and generally look to immediate reforms, as for instance, in the matter of wage rates, the employment of local engineering skill or of practical road builders in advanced lines, the creation of truck roads at general cost, and the wider distribution of the cost of road construction and maintenance enabling the people. When they so desire, to list all property for assessment for such purposes.

Your committee desires further to consider this important matter, and later to report again to your bodies, we leave to you for further time, and in the meanwhile to advise the members of the measures submitted, which we have so long and carefully inquired into, without material change thereof.

Respectfully submitted

J. H. SHINE, Chairman.

GEO. H. THOMAS POST, No. 2, G. A. R.,
SAN FRANCISCO, February 19, 1895. }

The accompanying report and resolution were unanimously indorsed and recommended at a regular meeting, held this date.

By order of the Post.

T. K. STATELER, Commander.

Official: H. L. TICKNER, Adjutant.

At a meeting held in St. Ann's Building, No. 6 Eddy Street, San Francisco, Saturday evening, February 16th, at which there were members of all the various local Posts of the Grand Army of the Republic in this city, Capt. J. C. Currier of Post No. 2 was elected Chairman, and Col. J. J. Lyon of Post No. 1, Secretary. Commander T. K. Stateler, of the Geo. H. Thomas Post, read the bill introduced in the State Senate by Hon. Frank McGowan, which referred to the employment of Union veterans in civil positions, and after due discussion it was determined that a committee of three be appointed to draft suitable resolutions expressive of the sense of the meeting relative to said bill. Comrades Lyon, of Post No. 1, Col. W. R. Parnell, of Post No. 2, and O. S. Johnson, Commander of Post No. 48, were appointed said committee, with instructions to report their labors to the Chairman for transmission of the same to Sacramento.

The resolutions are hereto appended.

(Signed:) J. C. CURRIER, Chairman.

J. J. LYON, Secretary.

WHEREAS, A bill is now pending in the Senate of this State making it mandatory upon civil officers and contractors of public works to give the preference in appointments to minor positions, or employment in labor, as the case may be, to competent Union veterans, and making provision therein for their retention or removal, and for punishing willful violation of the Act; and whereas, like laws prevail, and are duly enforced, in many of the older States of the Republic, as a just recognition of the great and patriotic services rendered by citizen soldiers and sailors in maintaining the existence of the Nation during four long years of gigantic strife and deadly peril; and whereas, this great State, though then young in years and far removed from the scenes of actual conflict, proved its loyalty to freedom and national unity by the patriotic enlistment of thousands of its citizens in the armed service of the country, and by its generous contributions to the sanitary fund, as well as of its millions of dollars in golden wealth which so greatly aided in maintaining vast armies in the field and vessels of war upon rivers, gulfs, and oceans; and whereas, monarchical countries bestow honors, emoluments, and employment in times of peace upon their war-worn veterans, and the same underlying principle is adhered to among other Nations less republican in form than our own; therefore, in consideration of all the reasons herein set forth, be it

Resolved, That we, a committee representing all the Posts of the Grand Army of the Republic in the city of San Francisco, and voicing, as we believe, the sentiments of the other Posts and veterans throughout the State, as well as its patriotic and loyal people, do hereby indorse Senate Bill No. 95, and do most earnestly petition for its passage by the Legislature and its approval by his Excellency the Governor, so that patriotic services may be properly recognized, and justice be rendered those who endured much and suffered much that our country might live.

(Signed:) J. C. CURRIER, Chairman.

J. J. LYON,
OSCAR S. JOHNSON,
W. R. PARNELL,
Committee.

Also:

SENATE CHAMBER, SACRAMENTO, February 21, 1895.

MR. PRESIDENT: Your Committee on Public Buildings other than Prison Buildings beg leave to submit the report of the sub-committee appointed to investigate and report upon the Mendocino Insane Asylum, the Home for Feeble-Minded Children, the Napa Insane Asylum, and the Veterans' Home, which said report is hereto annexed:

MR. CHAIRMAN: Your committee appointed to visit the Asylums for the Insane at Ukiah and Napa, the Home for Feeble-Minded Children at Eldridge, and Veterans' Home at Yountville, would respectfully report that they have performed that duty, and thoroughly inspected the institutions named.

The asylum at Ukiah is situated about three miles from that town, in a delightful location, surrounded by extensive grounds, that when properly laid out will make a beautiful park for the use and recreation of the inmates. The property of the State at this point represents an investment of about \$400,000, of which \$39,000 was for the grounds. The buildings are well constructed and admirably planned for the purpose for which they are intended, and there is probably no public institution in the State in which the commonwealth received more value for the money invested in its buildings

than at this asylum, and we very heartily commend the Trustees for the prudence, business sagacity, and ability they have shown in the work intrusted to them. The management of the institution by Superintendent King seems to have been equally satisfactory. The asylum opened in December, 1893, with one hundred and twenty patients received from other institutions, which number was subsequently increased to one hundred and fifty. On February sixteenth, the day of our visit, there were two hundred and seventy-two patients. Three hundred and forty-two patients have been received since the institution opened its doors, so that in the fourteen months of its existence it has lost by discharge or death seventy patients.

The per capita cost of the asylum for the first month was \$1 47; for the first seven months, 92½ cents; for the last seven, 62½ cents; and for the last month, 58 cents—facts which speak, we think, conclusively, for its economical administration.

The net ratio of increase is eleven per month, and if the appropriation of \$6,280 asked for furnishing the wards is granted there will be room for one hundred and seventy-five more patients than are now in the asylum. The sum of \$100,000 is asked for an administration building; with the erection of that there would be ample room for the proper accommodation of the officers and employes of the asylum, an assembly hall, and other necessary rooms. At present two of the rooms intended for wards are being used for a reception-room and dining-room. The sole question is whether the State finances justify the Legislature in authorizing the erection of such an expensive building this year, when it is possible at some inconvenience to continue with the buildings as they now are, and to receive patients for the ensuing fifteen months if the ratio of increase per month does not exceed the figure it has as yet attained. Senate Bill No. 129, which calls for these appropriations for the Mendocino Asylum, asks for \$10,000 to furnish the administration building when finished. This item, in any case, we would recommend be stricken out, as even if the administration building be authorized by the Legislature, no appropriation for furnishing it will be needed before the next Legislature convenes.

Six thousand two hundred and eighty dollars is asked for the furnishing of the buildings now erected and ready for use. This will afford accommodations, as stated above, for one hundred and seventy-five more patients, and we recommend the appropriation as badly needed. The \$4,000 asked for an electric light plant, we recommend should be appropriated. We recommend the appropriation of \$2,000 for the improvement of the grounds. The appropriation of \$1,500 for cows we also earnestly recommend. The institution now spends \$100 a month for milk, and \$133 a month for butter. The first item could be entirely eliminated, and the latter greatly reduced, if the asylum had its own cows, and they would pay for themselves the first year. Appropriations of \$2,000 for a stable and \$1,200 for a cow barn are recommended; also \$10,000 for a dam and pipe to increase the water supply. The asylum owns a splendid supply of water, and with the appropriation asked it would be able to utilize all the water it needs, no matter how many patients it has. Ten thousand dollars for a sewer system, and \$3,000 for an ice plant are appropriations badly needed, and which we recommend.

With the increase in the number of patients the per capita cost will of course decrease, but it will not be possible to bring it down to the rate that obtained in the older asylums during the ensuing two years, and we recommend that it be calculated on a basis of at least 55 cents per diem, making due allowance of a gradual increase to over five hundred before the convening of the next Legislature.

The product of the farm connected with the asylum is increasing, and the labor of the patients is utilized as far as possible, thus cutting down expenses in both food and labor as low as possible. The payroll is \$2,550 per month, and forty-six male and eleven female patients are employed in various capacities. We found the whole institution clean and well kept, and a credit to the State.

We recommend an appropriation of \$2,500 to be used in employing one or two practical brickmakers, who, with the assistance of as many of the patients as possible, should be employed making brick, so that when the new buildings are commenced the State shall be put to as little expense, for the brick necessary, as possible.

THE NAPA INSANE ASYLUM.

The Insane Asylum at Napa is one of the most complete and admirably managed institutions of the kind in the United States, and after making a thorough inspection of it in every department and studying carefully all the details of its administration, we cannot speak too highly of the way in which the Board of Trustees and Superintendent Gardner and his assistants perform their duty. There were one thousand three hundred and twenty-two patients there the day of our visit. Over four hundred of them are employed at various occupations around the grounds or in the buildings, and the cost of maintenance has been reduced to 39 cents per capita. This figure will probably be further reduced if several new plans for the employment of the patients prove a success. A room formerly used as a kitchen has been fitted up as a sewing-room at a cost of \$1,462, and there, at a cost of \$85 per month for hired help, it is proposed to make most, if not all, the clothing for the male patients. Three large stone buildings, that would probably cost \$35,000 to erect, have been erected with the aid of the patients at a total cost of \$6,133, and are used as a kitchen and the necessary pantries, store-rooms, etc. An ice-plant costing \$3,100 has been put in, which has already paid for itself by the saving it has made possible. There are five hundred thousand bricks on the grounds, burnt there at a cost of \$2 per thousand, that are to be used in erecting new buildings.

The female patients, under the supervision of one Superintendent, whose wages are

\$50 a month, make most of the women's clothing, sheets, pillow cases, etc. The institution has a herd of cows, from which it gets all the milk needed and some butter. There is a planing shop worked by patients under the supervision of an experienced mechanic. The wards are all cleanly and well kept. The patients have, when able, amused themselves decorating their rooms and beds, giving their sleeping apartments a very home-like aspect.

We gave careful attention, both at the Mendocino and Napa Asylums, to the subject of the increase of patients in the insane asylums of the State, and the causes which lead to it. The fact that the number of the insane in the State is increasing so rapidly would at first glance seem to be alarming, but when the nativity of the patients is examined, the figures are not so discouraging. Thus, at the Mendocino Asylum in twelve months one hundred and forty-eight foreigners and only eighty-three Americans were committed. At Napa one hundred and fifty-two natives and one hundred and fifty-nine foreigners were committed between July 1, 1892, and July 1, 1893, and one hundred and seventeen Americans and one hundred and eighteen foreigners between the latter date and June 30, 1894. Among all these commitments only ninety are natives of California. Even at the Home for Feeble-Minded Children, where the commitments are made at an early age, twenty-eight foreign-born children have been committed during the past eight years. Many of the persons committed had only been in the State a short time, less than a year, for instance, but it is difficult to see how this evil can be overcome, especially as some of the worst cases are among the new arrivals, and it would be impossible to send them back to the States or countries where they properly belong, even if those were known.

It is our opinion that so far as practicable the various institutions of correction and charity in the State should be made largely self-sustaining, and that where one institution is able to produce a surplus of any commodity, the surplus should be sent to some other institution where it is needed. By carrying out this system of exchange, a great saving to the State can be made.

HOME FOR FEEBLE-MINDED CHILDREN.

The visit of the Committee to the Home for Feeble-Minded Children was entirely unexpected by the management, who were not aware of the committee's proximity until the visitors alighted from the train. There were three hundred and twenty-nine patients in the Home, and all but the worst cases were at dinner when we arrived. The boys wore a neat gray suit, and the girls were neatly clad; they seemed to be as contented and happy as their condition permitted. The dining hall, dormitories, and hallways were cleanly, with the possible exception of the wards for the worst cases, which were as clean as it is probably possible to have them with the condition of the patients who live there. All the children who are capable attend school, and a very successful kindergarten class is maintained. The most advanced pupils are able to read in the Third Reader, and a few have advanced as far as Division in Arithmetic. Their penmanship was excellent, and the work they perform on the farm and in the shops is very creditable. The institution dries a large quantity of fruit. The farm where the Home is located was formerly a dairy farm, and if the proper appliances are furnished and the necessary cows purchased it could not only manufacture all the butter needed, but could furnish a large supply to the other State institutions in the vicinity.

The wards occupied by the worst patients contain some of the most distressing cases it is possible to imagine. The boys of this class are on an upper floor of their wing of the building, and an appropriation is asked to erect for them a separate one-story building. We recommend that this be done, as, in case of fire, it would be impossible to save the children, who are utterly helpless, and unable to do the slightest thing for themselves.

The other appropriations asked for a laundry, electric light plant, etc., in Senate Bill No. 473, should be given, in our judgment, and we further recommend an appropriation for the purchase of cows and poultry. The dairy on the place is now leased, but the lease will expire in about a year, when we suggest that the use of the entire property be reserved for the institution exclusively. The Trustees and Superintendent Osborne seem to have managed the Home very economically, and when the new girls' wing is furnished there will be accommodations for two hundred more inmates. There are over three hundred applications on file, but the institution is now crowded to its fullest capacity, and new patients can only be received when a vacancy occurs through death or other cause. It may be added in this connection, that very few of the patients committed to this institution are ever able to leave, and that they are usually sent there at an early age, often as young as five years.

THE VETERANS' HOME.

We visited and thoroughly inspected the Veterans' Home at Yountville. The management is much better than it was, and there is a marked improvement in the condition of affairs, still there is room for important changes and curtailment of expenses. We recommend, for instance, the discontinuance of the office in San Francisco, and the consolidation of all the business at the office at the Home. It will save the State much trouble and save the expense of the San Francisco office. Only one Secretary would be needed, the accounts would all be kept in one place, and what assistance might be needed could be procured for a small sum from the inmates of the Home. All appropri-

ations by the National and State Governments could be drawn and placed in the bank by the President, and drawn out only by his check, countersigned by the Commandant, or Secretary, or both. A bank could be made Treasurer for all Government and large receipts, and the Commandant, under suitable bonds, could be the Treasurer for small amounts. All admissions to the Home should be considered and decided there by a board of officers, subject to the approval of the Board of Directors. The Board should meet at the Home once a month, and the committees as most convenient. This would bring the affairs of the Home much more under the personal observation of the Directors than at present. We recommend also that the supplies for the Home be bought by contract after proper advertising, as is done with other institutions receiving State aid. We believe special attention should be given to making the Home as nearly self-supporting as possible, and for that purpose we recommend that more of the inmates be employed; more vegetables and other crops raised, and more attention given to all expenditures than seems to be the case now.

All of which is respectfully submitted.

ON AGRICULTURE, HORTICULTURE, VINICULTURE, AND VITICULTURE.

MR. PRESIDENT: Your Committee on Agriculture, Horticulture, Viniculture, and Viticulture, to whom was referred Assembly Joint Resolution No. 19—have had the same under consideration, and respectfully report the same back, and recommend that it do pass immediately.

SHIPPEE, Chairman.

Assembly Joint Resolution No. 19 read, as follows:

ASSEMBLY JOINT RESOLUTION No. 19.

WHEREAS, On the tenth day of December, eighteen hundred and ninety-four, the Hon. W. H. Hatch submitted the following resolution in the House of Representatives, and which was referred to the Committee on Agriculture of the House of Representatives:

"WHEREAS, Current market prices of the principal agricultural staples have declined to about half their former rates, and are sold in many instances at or below the cost of production; and whereas, such a condition must tend to the elimination of the independent land-owning farmer and his replacement by a dependent peasant tenantry, which, unless prevented, will not only prove detrimental to agriculture and the kindred industries, but also to the perpetuity of American institutions; therefore,

"Resolved, That the Committee on Agriculture of the House of Representatives be and are hereby directed to inquire into the causes of the depression of American agricultural staples and the relative condition of agriculture to the manufacturing industries, and report the same to the House, with such suggestions as they may deem proper regarding the differences or inequalities, if any exist, so far as they are caused by legislation, or as legislation can remedy them."

A hearing was had on the above resolution on December fifteenth and seventeenth,

and a limited number of copies of the proceedings on the resolution was ordered printed for free distribution; and whereas, these copies have all been distributed, and many more are in demand in our State for the information of the people; therefore,

Resolved, That we request our Representatives in Congress to present a resolution during the present session, authorizing the publication and free distribution of twenty-five thousand copies of said "hearing" for the State of California.

Resolved, That the Clerk of the Assembly is hereby instructed to transmit a copy of this resolution to each of our Representatives in Congress without any delay.

WHEREAS, Protection of American industries against the competition of the cheap-labor countries of the world is the controlling and public policy of this nation; and whereas, the present method of protection by a tariff on imports can only protect the home market of manufactures against imports, but cannot protect the staples of agriculture against foreign competition, because these are produced in surplus quantities for export; and whereas, to protect one industry and to leave the other unprotected is to compel the unprotected industry to pay for the protection of the protected industry, which is an injustice; therefore, we respectfully memorialize the Congress of the United States to remove this injustice by providing by law an equal measure of protection to the staples of agriculture now granted to manufactures; and that this be done by applying a portion of the revenue now collected as protective tariff in the payment of an export bounty on the staples of agriculture.

Resolved, That a copy of these resolutions be transmitted to Congress.

MOTION.

Senator Voorheis moved the adoption of Assembly Joint Resolution No. 19.

The roll was called, and Assembly Joint Resolution No. 19 refused adoption by the following vote:

REGULAR ORDER—PETITIONS.

The following petitions were presented, and ordered printed in the Journal without reference to committees:

By Senator Ford:

SIERRA COUNTY, CAL., February 20, 1895.

To Hon. TIREY L. FORD:

The undersigned, Notaries Public in and for the county of Sierra, California, recognizing the great responsibilities connected with their official acts, inasmuch as the title to every dollar's worth of real property in the State depends upon the care and correctness with which they perform said acts (as well as that of much of the personal property in the State when they are administering oaths, taking depositions, and protesting commercial paper); and believing that notarial fees are now none too large for such responsible duties, and that a reduction of said fees would tend to cause notarial work to pass into irresponsible and incompetent hands, respectfully request you, as one who has heretofore been a candidate for their suffrages and who is now their representative in the law-making body of the State, to oppose, both by your vote and influence, the passage of what is known as Assembly Bill No. 191, and any other measure looking to a reduction of notarial fees.

(Signed:) Sam'l B. Davidson, J. T. Mooney, Samuel Hartley, Ella M. Allen, Frank R. Wicks, Wm. Ryan.

By Senator Simpson:

PASADENA, February 15, 1895.

To the Hon. C. M. SIMPSON, State Senator, Sacramento:

DEAR SIR: The increasing and alarming frequency of assaults upon women, and the frightful indignities to which even little girls are subjected, have become the shame of our boasted civilization.

Therefore, we would respectfully ask that as our representative in the State Senate you use your best influence to have passed by the Legislature a bill requiring the age of consent for girls to be at least eighteen years, and the legal age to be twenty-one years, instead of eighteen.

We earnestly desire that as forcibly as possible you will bring this matter to the attention of the Chairman of the Committee on Morals:

REPORTS OF STANDING COMMITTEES.

The following reports of standing committees were read:

ON HOSPITALS.

SENATE CHAMBER, SACRAMENTO, February 25, 1895.

MR. PRESIDENT: We, the sub-committee from the Committee on Hospitals, who recently visited the State institutions hereinafter named, respectfully submit herewith our report, as follows:

On Saturday, February 16th, we visited Mendocino Asylum, located at Ukiah. We found in this institution two hundred and seventy-two patients, whose daily maintenance for past six months cost the State fifty-eight and one tenth cents, the high rate being due to the fact that a complete equipment and staff are absolutely necessary to the conduct of the asylum, even though the inmates are few. This plainly emphasizes the evident mistake of multiplying the number of such institutions.

There is no reason to fear overcrowding in this asylum during the next two years, and enlarged accommodations seem unnecessary at this time. The marsh lands adjacent, and belonging to the State, should be drained, and the plant of sewage disposal should be perfected. The local administration is efficient, and in careful hands.

The Home for Feeble-Minded Children at Glen Ellen we found well conducted, and the variety of work among the unfortunate inmates is evidenced by the results viewed in the several departments.

While offering no adverse comment upon the affairs of the Veterans' Home at Yountville as locally administered, we are unable to see the further use of maintaining a business office in San Francisco with its attendant expense. Particularly will such an office be unnecessary when all supplies shall be purchased under contract, as pending legislation contemplates.

The administration at the Napa Asylum is commended as both economic and efficient. An examination of commitments in the asylums visited shows a great lack of care in the proceedings by which persons are committed, such carelessness always resulting detrimentally to the State and sometimes to the individual.

Our observations plainly indicated the necessity of more general and systematic cooperation among the public institutions of the State, to the end that articles readily manufactured or produced in said institutions may be more freely exchanged.

PEDLAR,
TONER,
Committee.

Also:

SENATE CHAMBER, SACRAMENTO, February 21, 1895.

MR. PRESIDENT: The Sub-Committee on Hospitals appointed to investigate the State Insane Asylums at Ukiah and Napa, the Home for Feeble-Minded Children, and the Veterans' Home, have visited said institutions and reported back the result of their investigation to the Senate, and now present their account for mileage, as follows:

Senator Toner.....	\$38 40
Senator Pedlar.....	38 40
Total.....	\$76 80

Therefore,

Resolved, That the Controller be and he is hereby directed to draw his warrant in favor of A. J. Pedlar, Chairman of said committee, for the sum of seventy-six dollars and eighty cents, as per above statement, said warrant to be so drawn upon the fund for contingent expenses of the Senate, and the Treasurer is ordered to pay the same.

PEDLAR, Chairman.

The latter report was referred to Committee on Attachés, Contingent Expenses, and Mileage.

RESOLUTION—(OUT OF ORDER).

By Senator Mahoney:

Resolved, That the Secretary of State be instructed to furnish each Senator and the Secretary of the Senate with a set of the Constitutional Debates.

On motion of Senator Mahoney, the same was adopted.

RECESS.

At ten o'clock and forty-eight minutes A. M. the Senate, on motion of Senator Ford, took a recess until two o'clock P. M. this day.

REASSEMBLED.

At two o'clock P. M. the Senate reassembled.

Hon. Thomas Flint, Jr., President pro tem. of the Senate, in the chair.
The roll was called, and the following answered to their names:

Senators Aram, Androus, Beard, Bert, Biggy, Burke, Denison, Dunn, Earl, Fay, Flint, Ford, Franck, Gesford, Gleaves, Hart, Henderson, Holloway, Hoyt, Langford, Linder, Mahoney, Martin, Mathews, McAllister, McGowan, Mitchell, Orr, Pedlar, Seawell, Seymour, Shine, Shippee, Simpson, Smith, Toner, Voorheis, Whitehurst, and Withington.

Quorum present.

LEAVES OF ABSENCE.

The following were granted leave of absence for the day: Senators Franck, Shippee, and Gesford.

DECISION OF THE CHAIR.

The President pro tem. of the Senate addressed the Senate on the decision reserved by him on a previous day regarding points of order raised, as follows:

In the matter of the points of order raised in the question to "lay on the table" the motion to reconsider the vote whereby the amendment to Assembly Bill No. 248 was adopted, the Chair submits the following:

STATEMENT OF FACTS.

First—The bill under consideration was amended on second reading; Senator Seawell moved to reconsider the vote whereby the amendment was adopted. Pending the consideration of the motion to reconsider, Senator Smith moved that the "motion to reconsider" be laid on the table, which motion was carried, and so announced by the Chair.

Senator McGowan raised the point of order that the "motion to lay on the table" carried with it the amendment already adopted. Senator Ford made the further point of order that the carrying of the motion to lay on the table, carried the whole subject-matter, including the bill.

On this statement of facts the Chair makes the following ruling:

First—As to the point of order raised by Senator McGowan, that the carrying of the motion to "lay on the table" carries the amendment, the Chair rules that if the ordering of the bill to the third reading was the main question, the point of order would hold good as to the amendment; or if moved on the amendment, then the main question goes on the table also. But as the main question is the motion to reconsider, it does not carry with it the amendment already adopted. Therefore, the ruling of the Chair is, that the point of order by Senator McGowan is not well taken.

Second—As to the further point of order raised by Senator Ford, that the motion to "lay on the table" carried the bill to the table, the Chair rules that the point of order was not well taken, for the same reasons given in the ruling on Senator McGowan's point of order.

In conclusion, the Chair holds that the only matter affected by Senator Smith's motion to "lay on the table" is the motion by Senator Seawell to "reconsider the vote by which the amendment was adopted." And further, that the status of Assembly Bill No. 248 is as follows: Read first and second times, amended, and still subject to amendment. The question now is, shall the bill be ordered printed and to the third reading.

The Chair, in making this ruling, desires to state that he has found several opinions different from that laid down by Cushing in his "Law and Practice of Legislative Assemblies," but as the Standing Rules of the Senate (No. 34) provide that the above mentioned work shall govern in cases where the Standing Rules of the Senate do not specify otherwise, this ruling is made in accordance therewith. Modern rules of parliamentary procedure show a different course pursued.

SPECIAL ORDERS RESET.

Senator Hart moved that the special order, which was set for consideration immediately after the reading of the Journal, viz.: Senate Bill No. 201—An Act to provide against the adulteration of food and drugs—be reset as a special order for consideration at four o'clock p. m. this day.

So ordered.

On motion of Senator Seawell, Assembly Bill No. 248—An Act regulating the hours of labor in saw mills, shingle mills, shake mills, and logging camps—was set as a special order for consideration at two o'clock p. m. to-morrow, to follow other special orders set for that hour.

The consideration of Assembly Bill No. 132—An Act to provide for the organization and management of county fire insurance companies—was, on motion of Senator McGowan, reset as a special order for consideration at four o'clock p. m. this day.

On motion of Senator Voorheis, the special orders set for this hour were postponed until Assembly Joint Resolution No. 19, relative to depression of agricultural affairs, was considered.

Senator Withington, in compliance with his notice given on a previous day, moved a reconsideration of the vote whereby Assembly Joint Resolution No. 19 was lost.

The roll was called, and the motion to reconsider was carried by the following vote:

AYES—Senators Aram, Androus, Beard, Bert, Biggy, Denison, Earl, Flint, Ford, Gleaves, Hart, Henderson, Hoyt, Linder, Mahoney, Martin, Mathews, McGowan, Mitchell, Orr, Pedlar, Seawell, Seymour, Simpson, Smith, Toner, and Voorheis—27.

NOES—Senators Fay, Holloway, McAllister, Whitehurst, and Withington—5.

PAIRED.

Senator Burke announced that he was paired with Senator Gesford. Senator Gesford would have voted "aye" on reconsideration and Senator Burke would have voted "no."

ASSEMBLY JOINT RESOLUTION No. 19.

WHEREAS, On the the tenth day of December, eighteen hundred and ninety-four, the Hon. W. H. Hatch submitted the following resolution in the House of Representatives, and which was referred to the Committee on Agriculture of the House of Representatives:

"WHEREAS, Current market prices of the principal agricultural staples have declined to about half their former rates, and are sold in many instances at or below the cost of production; and whereas, such a condition must tend to the elimination of the independent land-owning farmer and his replacement by a dependent peasant tenantry, which, unless prevented, will not only prove detrimental to agriculture and the kindred industries, but also to the perpetuity of American institutions; therefore,

"Resolved, That the Committee on Agriculture of the House of Representatives be and are hereby directed to inquire into the cause of the depression of American agricultural staples and the relative condition of agriculture to the manufacturing industries, and report the same to the House, with such suggestions as they may deem proper regarding the differences or inequalities, if any exist, so far as they are caused by legislation, or as legislation can remedy them."

A hearing was had on the above resolution on December fifteenth and seventeenth, and a limited number of copies of the proceedings on the resolution was ordered printed for free distribution; and whereas, these copies have all been distributed, and many more are in demand in our State for the information of the people; therefore,

Resolved, That we request our Representatives in Congress to present a resolution during the present session, authorizing the publication and free distribution of twenty-five thousand copies of said "hearing" for the State of California.

Resolved, That the Clerk of the Assembly is hereby instructed to transmit a copy of this resolution to each of our Representatives in Congress without delay.

WHEREAS, Protection to American industries against the competition of cheap-labor countries of the world is the controlling and public policy of this nation; and whereas, the present method of protection by a tariff on imports can only protect the home market of manufactures against imports, but cannot protect the staples of agriculture against foreign competition, because these are produced in surplus quantities for export; and whereas, to protect one industry and to leave the other unprotected is to compel the unprotected industry to pay for the protection of the protected industry, which is an injustice; therefore, we respectfully memorialize the Congress of the United States to remove this injustice by providing by law an equal measure of protection to the staples of agriculture now granted to manufactures; and that this be done by applying a portion of the revenue now collected as protective tariff in the payment of an export bounty on the staples of agriculture.

Resolved, That a copy of these resolutions be transmitted to Congress.

The roll was then called on the adoption of Assembly Joint Resolution No. 19, and the same was adopted by the following vote:

AYES—Senators Aram, Androus, Beard, Bert, Denison, Earl, Flint, Ford, Gleaves, Hart, Henderson, Hoyt, Linder, Mahoney, Martin, Mathews, McGowan, Mitchell, Orr, Pedlar, Seymour, Shine, Simpson, Smith, Toner, and Voorheis—26.

NOES—Senators Biggy, Fay, Holloway, Langford, McAllister, Seawell, and Withington—7.

During the roll call Senator Withington stated that he had made the motion to reconsider, believing that any resolution emanating from a sincere source, and having a large support, should not fail because of a

thin Senate and a misunderstanding of the rules; but that there being now a full vote, he should vote against the motion, because, as a Republican, he believed in the Republican doctrine of protection to American labor, and the resolution was a declaration that the entire tariff is a tax paid by the consumer, and a request to circulate a report which is a strong attack upon the protective tariff.

Senator Burke announced that he was paired with Senator Gesford. Senator Gesford would have voted "aye" on the adoption of Assembly Joint Resolution No. 19, and Senator Burke would have voted "no."

At two o'clock and thirty minutes P. M. Hon. Tirey L. Ford, State Senator from the Third District, was called to the chair.

RESOLUTION—(OUT OF ORDER).

By Senator Voorheis:

Resolved, That the Secretary of the Senate be instructed to transmit by telegraph a copy of Assembly Joint Resolution No. 19 to the Speaker of the House of Representatives, and the expense thereof be paid out of the contingent expenses of the Senate.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Aram, Androus, Bert, Denison, Earl, Flint, Ford, Gleaves, Hart, Hoyt, Langford, Linder, Mahoney, Mathews, McGowan, Orr, Seymour, Shine, Simpson, Smith, Toner, and Voorheis—22.

NOES—Senators Beard, Fay, Henderson, Holloway, Martin, McAllister, Mitchell, Seawell, Whitehurst, and Withington—10.

This being the hour set for the consideration of Assembly Bills only, the President pro tem. announced that the first to be considered was Special Order No. 1, viz.: Assembly Bill No. 617—An Act making an appropriation for the support of the government of the State of California for the forty-seventh and forty-eighth fiscal years—which was now on its second reading.

ON STATE PRISONS AND PRISON BUILDINGS.

SENATE CHAMBER, SACRAMENTO, February 25, 1895.

MR. PRESIDENT: Your Sub-Committee on State Prisons and Prison Buildings, appointed to visit the State Prison at San Quentin, respectfully report as follows:

Your committee visited the State Prison at San Quentin on Saturday, February 16th, in company with a similar committee from the Assembly. Our inspection of the grounds and buildings, and of the system, was as thorough as our time would permit. We must congratulate Warden Hale for the excellence and care of his administration, and for the good results obtained, limited as he is by the incompleteness of the penal system of the State.

Your committee had in view during their inspection the question of the abolishment of this prison at San Quentin, as proposed in legislation now pending, by enlarging the prison at Folsom and the transfer of the San Quentin prisoners to that place. That the eventual removal of the prison from San Quentin is highly desirable and must be brought about is unquestioned. But how soon and by what method such a result is to be accomplished must be carefully considered. San Quentin is but a suburb of San Francisco, and lies in the midst of a growing suburban population, and can be reached at night by water from many points—in fact the location is ill adapted for a penitentiary. Certain classes of criminals regard imprisonment at San Quentin with little fear, as they are within easy communication with their friends. When established in the fifties, none of these conditions existed; indeed, the position was isolated. But the forty-five years have so changed the surrounding country as to make it most advisable from a penal standpoint to remove the prison further from such a large center of population. The best results in prison discipline can be obtained by isolation from cities so as to reduce to a minimum the possibility of illicit communication between the convicts and their friends outside. During recent years this State has made its first advances toward a well-considered penal system by the establishment of the Whittier and Preston Schools and by the enactment of a parole law. But a harmonizing of the whole is now necessary. There must be a more complete grading and segregating of those under punishment. There is no stage between the reformatory

schools and penitentiaries. Your committee's attention was called to the imprisonment of boys of nineteen, twenty, and twenty-one years of age, whose sentences were for two or three years, and whose life at San Quentin was but a continual development of their criminal instincts; and who after release would continue in their career of crime more skilled and more ready because of their companionship at San Quentin with old and hardened criminals.

The first remedy is segregation from the lowest and most criminal of such as show a desire and capacity for reformation; the second is properly disciplining the more tractable. By changing the system at Preston, such results could be accomplished. The Warden assured us that he could select about three hundred young men of twenty-three years of age and under who were amenable to discipline, who would accept an opportunity to reform, but who, so long as they remained in San Quentin would be hopelessly lost. Were the limit of age at Preston raised, and with it a discipline more severe and penal in character established, so as to receive and discipline just such criminals as the Warden described, the system could be readily and economically adjusted.

By such an act the State would have made another step in advance toward perfecting its prison discipline; and by such an act it would save many a young man, a native born, who by thoughtlessness rather than by maliciousness, has committed a crime, and who, under our present system, is sent to what, with a certain justness, has been termed a "school of crime." The segregation, therefore, of prisoners is an all important step to be made, and such as the above cannot be too strongly recommended. The foregoing remarks are suggested by the consideration of the removal question. By the enlargement of the cell capacity at Folsom and by increasing the number of inmates to about twelve hundred; by the above changes at Preston, and by its reception of about two or three hundred "first termers" selected by the prison authorities, by these methods the members confined at San Quentin could be reduced to about seven or eight hundred, and so maintained until further reduction became desirable. Folsom would then become the principal penitentiary, and San Quentin the second. It would be proper, in increasing the cell capacity at Folsom, to have in view the segregation at that place of the confirmed criminals from the first-termers.

As a matter of economy, too, such steps would seem desirable. At San Quentin, to such observers as ourselves, there was the appearance of overcrowding. The cell buildings were substantial enough, and with some slight repairs to balconies, would require no expenditures for many years to come. With the smaller buildings, notably with the dining-room building, this could not be said. If the prison be retained with its present numbers, appropriations will have to be made within the next few years for rebuilding of much that is so old as to seem unhealthy. Were the number reduced to seven or eight hundred, it might be possible to do without rebuilding. Another consideration is that the expense of bringing prisoners from Southern California is so great as to require that a prison be established in the South. So that we might look forward to the future when San Quentin would be entirely abolished, and the penal system of the State would consist of a penitentiary at Folsom, another in the South, a reformatory for young men at Preston, and the school for boys at Whittier.

The actual transfer of prisoners need never be actually done, except in the case of a few, for the increase in numbers at Folsom and the decrease at San Quentin can be obtained without any cost by requiring commitments to be made to Folsom or Preston, as the case might require. What such a method would accomplish is seen by considering that during the year ending June 30, 1894, there were four hundred and eighty-three prisoners discharged from San Quentin and five hundred and seventy-six committed to it. In other words, change in number can be accomplished without cost.

The jute manufactory at San Quentin, which has been erected at such a cost to the State, was in full operation. Your committee in reporting as above has given full consideration to the existence of the jute manufactory at San Quentin—a plant that has cost the State many thousands of dollars, and which now is in full operation. Legislation affecting it should be most carefully considered. We respectfully suggest that during the next few years there should be kept by the Warden at Folsom a careful record of the amount of horse-power that can be developed in its power-house during the time of the year when the water in the river is low. Such facts will be necessary for the future consideration of the question of the disposal of the jute manufactory.

Your committee found the place used as a landing for supplies of coal and jute, originally constructed as a wharf, to be but an embankment at which a landing could be made with difficulty, and only at the highest tide, and that the difficulty increases from month to month. A new wharf is very much needed.

Your committee, therefore, recommend legislation in accordance with the above report, as follows:

First—That a substitute for Senate Bill No. 285 be adopted, providing for enlarging the cell capacity at Folsom, and the decrease of the numbers at San Quentin to not more than eight hundred, such to be a maximum number; providing that the enlarging of Folsom be so done as to enable the "second termers" to be separately confined and employed.

Second—That legislation be enacted raising the limit of age within which prisoners shall be received at Preston, and making the discipline there more severe and penal in its character, and the transfer there of such prisoners as, in the opinion of the State Board of Prison Directors, should be detained there.

Third—The appropriation of five thousand dollars for the erection of a new wharf at San Quentin.

Respectfully submitted.

McALLISTER, Chairman.
MAHONEY.

SEC. 2. Whenever any of the inhabitants of a portion of one or more counties desire that such portions shall be formed into a new county, they shall present a petition to the Governor of the State. Said petition shall be signed by at least a majority of those qualified electors of the county or counties, residents within the limits of said proposed new county, who are taxpayers in said county or counties, as shown by the last assessment roll thereof. And said petition shall be signed by such majority of said electors residing within the part of the territory of each county included within the boundaries of said proposed new county. Such signatures need not all be appended to one page, but may be signed to several petitions which are substantially the same in form, and when so signed, the several petitions may be fastened together, and shall be treated and presented as one petition. The petition shall set forth and describe with reasonable certainty the proposed boundaries of such new county, and state the estimated population therein and the name of the proposed new county, and shall pray that the same may be organized into a county under the provisions of this Act. Upon the receipt of such petition the Governor shall appoint a commission composed of three disinterested electors of the State, who have no property interests in any of the territory affected thereby, and who are not residents of any of the territory affected thereby. After their appointment the said Commissioners shall take the oath of office and organize by the election of one of their members as President and one of their members as Secretary. As soon as the organization of said commission is complete the Governor shall certify and refer to it the said petition. The said commission shall establish some place within the territory affected by the petition at which to hold its meetings, and it shall, upon the receipt of said petition forthwith set the same for hearing at a time not less than twenty nor more than thirty days from such receipt, and the Secretary of said commission shall cause notice of such hearing to be given by publication, at least once a week for two successive weeks before said hearing, in some newspaper of general circulation published in the proposed new county, and if there be no newspaper published therein, then in some newspaper published in one of the counties proposed to be divided. Said notice shall be substantially in the following form:

"Whereas, a petition has been presented to the Governor of the State of California, praying for the creation of ——— county (naming the proposed new county), and that the boundaries of the same are (stating the boundaries described in the petition), and said petition has been certified to this commission for hearing.

"Now, therefore, notice is hereby given that a hearing will be had before such commission on — (naming the time) and at — (naming the place), to receive the proofs offered to establish or controvert the facts set forth in said petition, and at which time and place any person interested may show cause why the boundaries of the proposed new county should not be established as set forth in said petition."

At the time fixed for said hearing, said commission shall receive the proofs offered to establish or controvert the facts set forth in said petition or affecting the boundaries of the proposed new county. Said commission shall accept the affidavit of any qualified elector residing in the proposed new county as *prima facie* evidence of the genuineness of the signatures, of the residence of the petitioners, and of their being qualified electors, as to such signatures on the petition as to which he deposes. In determining the population of the proposed new county, and of the remainder of any county proposed to be divided, said commission shall assume *prima facie* that said population is five times the number of names recorded on the great register thirty days preceding the hearing. If, prior to the time fixed for such hearing, there shall have been presented to said Governor of the State one or more further petitions for the formation of new counties in which the proposed boundary lines conflict with those of the petition already filed, he shall certify such further petition or petitions to the same commission to which has been referred the earlier petition. In such cases the hearing on the earlier petition shall be postponed until due notice of the hearing of such conflicting petitions shall have been given, and the conflicting petitions shall be heard at the same time and place. At such hearing such commission shall determine how the boundaries set forth in such conflicting petitions shall be changed so as to avoid such conflict.

The hearing of such a petition or petitions before said commission shall be tried and disposed of by the commission as rapidly as practicable, and at the conclusion of said hearing the said commission shall find whether the petition is signed by the requisite number of qualified electors and taxpayers, residents of the proposed new county; whether the proposed new county shall reduce any county to a population of less than eight thousand; the population of each county sought to be divided after the proposed new county is taken off; the population of the proposed new county; whether any line of the proposed new county will pass within five miles of the county seat of any county proposed to be divided; whether the proposed new county shall contain more than sixty per cent in value of the property of any county proposed to be divided, as shown by the last assessment roll of such county; and fix and confirm the boundaries between the proposed new county and any county sought to be divided, as set forth in the petition, or fix and determine other boundaries as may better meet the ends of justice; *provided*, that said commission shall make no change in said boundaries which shall prevent the county sought to be created from complying with any of the conditions required by section one of this Act, except that in cases where petitions with conflicting boundaries are heard at the same time the commission shall adjust such conflicting boundaries in such manner as to it may seem just, permitting each of the proposed new counties to comply if possible with the conditions required by section one of this Act; *provided*, that in adjusting the conflicting boundaries between two or more proposed new counties, the commission shall so adjust the boundaries that the two or more proposed new counties do not contain in the aggregate more than sixty per cent in value of the property of any county sought to be divided, as shown by the last assessment roll thereof, and if in order to comply with this direction, or for any reason, it so adjusts the boundaries that one or more of the proposed new counties does not comply with the conditions of section one of this Act, it shall so state in its certificate herein provided for, and no further action shall be had on the petition for the formation of that proposed new county. And in the event that the commission should adjust the conflicting boundaries between two or more proposed new counties so that each should comply with all the conditions of section one of this Act, except that both could not be formed because in the aggregate they would take more than the said sixty per cent in value of the property of a county sought to be divided, the commission shall determine which of the new counties it is most expedient to form and fix, and determine its boundaries; and as to the other, shall certify that it declined to fix its boundaries, and could not form the same without violating said condition, and no further proceedings shall be had on the petition for the formation of that proposed new county. In adjusting and determining the boundaries of any proposed new county, the commission shall not include any part of a county, no part of which is included in the boundaries set forth in the petition. Such findings of said commission shall be embodied by it in a certificate, and the certificate attached to the original petition, and forthwith returned by said commission to the Governor. Any member of said commission shall have power to administer oaths. Said commission may inform itself by testimony at the hearing above mentioned and also by going upon the ground if deemed expedient by it. The said commission shall have the same power to subpoena and compel the attendance of witnesses and the production of books and papers as is possessed by Superior Courts in civil cases. If, from any cause, any of said Commissioners shall die, resign, refuse to qualify, or for any cause shall become disqualified from acting, the Governor shall appoint another Commissioner to act in his place.

After its organization the said commission, at its first meeting, and before proceeding with the further discharge of its duty, shall require a good and sufficient bond in double the amount of the probable cost to be incurred by the said commission, said amount to be fixed by said commission, and said bond to be approved by said commission, and con-

ditioned that the bondsmen thereon shall pay all costs incurred by said commission under and by virtue of this Act. And in the event that said proposed new county is formed, it shall repay the said bondsmen all expenses and costs paid by it under said bond, which shall be presented to the Board of Supervisors of said new county as a claim against it, and said new county shall pay the same.

Each of said Commissioners shall receive as compensation for his services the sum of eight dollars per diem and his actual traveling expenses, the same to be made a part of and to be included in the costs and expenses herein provided for.

The said commission, after having met at the place designated by the notice as herein provided, may, from time to time, hold sessions at any other place within the territory affected.

The commission shall keep a record of its proceedings and the appointment of said Commissioners, and the said petition or petitions shall be entered in said record, and upon the completion of its duties as in this Act provided, such record shall be by it filed in the office of the Secretary of State.

POMONA, LOS ANGELES COUNTY, CAL., February 9, 1895.

The undersigned, voters of Thirty-eighth Senatorial District, and Notaries Public in and for the county of Los Angeles, California, recognizing the great responsibilities connected with their official acts, inasmuch as the title to every dollar's worth of real property in the State depends upon the care and correctness with which they perform said acts (as well as that of much of the personal property in the State when they are administering oaths, taking depositions, and protesting commercial paper); and believing that notarial fees are now none too large for such responsible duties, and that a reduction of said fees would tend to cause notarial work to pass into irresponsible and incompetent hands, respectfully request you, as one who has heretofore been a candidate for their suffrages, and who is now their representative in the law-making body of the State, to oppose, both by your vote and influence, the passage of what is known as Assembly Bill No. 191, and any other measure looking to a reduction of notarial fees.

REPORTS OF STANDING COMMITTEES—(OUT OF ORDER)—RESUMED.

ON PUBLIC BUILDINGS OTHER THAN PRISON BUILDINGS.

SENATE CHAMBER, SACRAMENTO, February 27, 1895.

MR. PRESIDENT: Your Committee on Public Buildings other than Prison Buildings, during its recent examination of a number of State institutions, investigated the cost of fuel in each, which they ascertained was one of the principal items of expense. The advisability of using crude petroleum instead of coal or wood was considered. At the State School at Whittier, and the Insane Asylum at Highland, the substitution of crude petroleum for coal or wood has brought about a saving of fifty per cent in the expenditure for fuel. A ton of steam coal is equal to two cords of good wood, or three barrels of crude oil worth from eighty cents to one dollar a barrel. Taking the price of coal as shown by the books of the asylums at Napa or Ukiah, or the Home for Feeble-Minded Children at Glen Ellen, there is a difference, aside from freight, of from three dollars to five dollars on the heating power of every three barrels of oil, taken at the highest price for oil and compared with coal or wood at their lowest price. There are many other advantages in favor of the use of oil besides its cheapness, and we believe the various authorities in charge of the several institutions should give the question of the use of crude petroleum their careful attention, especially as most of the State institutions can be reached by water routes, which means low freight rates.

SENATE CHAMBER, SACRAMENTO, February 27, 1895.

MR. PRESIDENT: Your Committee on Finance respectfully submit an extended report showing the amount of money annually paid by the State of California for salaries, and the number of persons on the pay-roll in each department and institution of the State government. In order to present the report with a fair degree of accuracy, close examination of pay-rolls in the Controller's office has been required. The work was of greater magnitude than the committee anticipated, and correctness in every detail is not vouched for, as the limited time of the session does not permit revision and verification of the work.

In the main the figures are correct, and approximately set forth the annual outlay of the State for salaries. It will be observed that the sum of \$4,005,721 89 is charged to the annual salary account of common schools, which is very nearly twice as much money as the State appropriates for school purposes; but as the funds contributed by counties and districts are merged into the amount distributed by the State to the counties, it is impossible to ascertain the percentage of State allowance paid for salaries. The committee therefore take the figures given on page fifteen of the Sixteenth Biennial Report of the Superintendent of Public Instruction, which place the whole amount expended for salaries in 1894 at \$4,005,721 89.

The amount expended by the State University for salaries largely exceeds the amount raised by the one cent tax for the institution. It is obvious, therefore, that the University taxes other sources of its revenue to pay salaries. The committee, without going into extensive inquiry, copies the table from pages sixty-seven, sixty-eight, and sixty-nine of the annual report of the Secretary of the Board of Regents for the year ending June 30, 1894.

In the State Printing Office the number of employes, such as compositors, folders, finishers, pressmen, etc., is very large during the session of the Legislature, and the February pay-roll embraces the names of two hundred and forty people. A great saving could be effected in the State Printing Office, if the reports from the various institutions and departments were edited, condensed, and put into proper form before going into the hands of the compositor. Correction, revision, and elimination after the matter has been placed in type, constitute an important item of expense.

The committee, reviewing the entire field of expenditure, is convinced that salaries, as a rule, are excessive, and that the number of persons on the pay-roll is greater than the public service demands. It is perfectly clear to the committee that effective retrenchment of a permanent character cannot be accomplished without a thorough revision of the State pay-roll, and a large reduction in the number of persons employed. The pay-roll is so large in itself, that little money is left for other purposes of government after provision is made for salaries.

VOORHEIS, Chairman.

It is proper to deduct from the aggregate of salaries in the foregoing statement one half of the amount noted as school teachers' salaries, for the reason that the State raises by the tax levy only \$2,195,458 a year for the support of the common schools. It is fair, also, to deduct one half of the amount charged to the Legislature, as this expense occurs only once in two years. These reductions leave the following result: Amount annually paid by the State of California for salaries, \$3,636,035.

In the foregoing tabulated statements, porters and laborers are frequently included as clerical assistants.

REPORT OF STANDING COMMITTEE.

ON JUDICIARY.

SENATE CHAMBER, SACRAMENTO, March 1, 1895.

MR. PRESIDENT: Your Committee on Judiciary, to whom was referred the amendment offered by Senator Burke to Senate Bill No. 465, to wit: By striking out of line one, section two thereof, the words "or more counties," and inserting in lieu thereof the word "county." Also strike out of lines nine and ten thereof the words "or counties"—respectfully report that we have had the same under consideration and report as follows:

That we find the proposed amendment of doubtful validity, and that it might, if adopted, endanger the safety of the entire bill; that its incorporation in the bill would, we believe, make the measure unconstitutional, and therefore the committee respectfully requests that the proposed amendment be not adopted.

McGOWAN, Chairman.

Whereupon Senator Burke, by unanimous consent, withdrew the proposed amendment.

Senator Burke moved that Senator Simpson be appointed a special committee of one to amend as follows:

Amend section two by inserting after the word "petition," in line ninety-eight thereof, the following: "provided, it shall be the duty of such commission to determine whether or not it will be to the advantage of the proposed new county, and of the old county, or counties, out of which it is proposed to create such new county, that the same should be created; and if the creation of such new county, in the opinion of such com-

mission, will not be of general public utility, all the interests of the proposed new county and the said old county or counties out of which the same is proposed to be created, being duly and fairly considered, then such commission shall proceed no further in the formation of such new county."

COMMUNICATION.

The following was presented by Senator Androus, and the same was ordered printed in the Journal.

THE TIMES-MIRROR COMPANY,
Los Angeles, February 6, 1895.

Hon. S. N. ANDROUS, Senate Chamber, Sacramento, Cal.:

DEAR SIR: Referring to the very brief conversation which we had on the subject of the bills for the advertising of the constitutional amendments, I now write you the points which I aimed to make, in order to present them more clearly to your mind:

I start with the just proposition that newspapers should be paid at their current, established commercial rates for all advertising done for the State under authority of law, or the lawful written order of any State officer competent to direct such advertising to be done. Having laid down this premise, I submit the following propositions under it:

1. It is an obvious fact that no bill should be allowed for a daily publication of the advertisement referred to, unless there can be found distinct and competent statutory or executive authority for such publication. The mere fact that the advertisement was sent from the Governor's office to the office of a daily newspaper for publication without any specified statement as to whether it should be published daily or weekly, constitutes no ground for a daily charge, inasmuch as legal advertising is invariably published once a week, instead of every day, unless otherwise specifically ordered by the authority directing the advertising to be done.

Ex-Governor Markham tells me, in explanation of this matter, that he did not consider it necessary to specifically state in the executive circulars sent to daily newspapers, with this advertisement, that it *must not be published daily*, because he assumed that the publishers knew the law and would not abuse their opportunity. You can see very readily that if there had been authority of law, or an executive order for this publication in the Los Angeles Times, we would naturally have complied therewith and published the advertisement daily instead of weekly; we did not do so, but published it only weekly, fourteen times in all, and have rendered a bill for \$243 therefor, as against \$1,700, \$1,800, \$2,200, \$3,400, \$4,800, and \$5,100, respectively, charged by other daily newspapers, several of which have at least one third less circulation than has the Times. Only the San Francisco papers exceed it.

2. As to those newspapers which published the advertisement and rendered bills therefor, admitting that they had no written authority for their action, it is clear that such bills should be thrown out.

3. As to the rates charged, it is manifestly and grossly improper that the *single-time rate* of the several newspapers should be applied, whether the publication were daily or weekly. The application of that rate is wholly unjust to the State; is excessive, and wholly unwarranted in practice.

The regular schedule rate of the newspaper making the charge, and that rate only, should be applied, taking into account the length in inches and the duration in time of the advertisement—in this case twenty-seven inches and about three and one half months.

4. The rate in every case should be based on circulation; should be the same as charged to the most favored advertisers by the newspapers, respectively, and should include the usual discount allowed to private patrons under like conditions, these discounts being based on length of advertisement and length of time which it runs.

5. All bills rendered for this advertising should be supported by the affidavit of the publisher, which affidavit should set out the authority for the publication; the number of times published; the length, in inches; the rate according to regular advertising schedule of such paper; a declaration that the advertisement is charged at no higher rate than is customarily charged to private patrons under like conditions; and the further declaration that the State has been given the benefit of all concessions in rates, and all discounts which the publisher is in the habit of giving to commercial or mercantile advertisers in his journal, under like conditions.

6. The space occupied by the advertisement in question was twenty-seven inches in our case. It should be about the same in other papers, but might reach twenty-nine or thirty inches in papers whose columns are a fraction narrower than ours. There is no warrant of law, nor of custom, in publishing legal advertisements, for the expansion of such advertisements by leading, by unnecessary blank lines, or by "spread" headings.

7. Finally, I suggest that if these excessive charges are persisted in by the publishers, copies of their regular advertising schedules in actual use during the period covered by the advertisement should be required by the Finance Committees of the two houses, and the rate figured out by experts for an advertisement of the length and duration in question, so as to circumvent entirely the effort, if made, to apply the *one-time rate* to an advertisement running *three and one half months*.

I believe, further, that the Legislature would be perfectly justified, both legally and in the eyes of the people, if it would pass a law to settle cases like this, to protect the State, to prevent the gross inequalities and injustices which are involved in these bills, and at the same time do substantial justice to all honest newspapers in this matter.

This is all I want, and I have no motive in the matter save to see substantial justice done, the State protected, and a gross and needless scandal in the field of California journalism, as well as in the Legislature of the State, averted.

I am yours truly,

H. G. OTIS.

P. S.—You told me that some of the persons presenting bills endeavored to explain away the startling discrepancy between their charges and ours, by saying that we published the advertisement "only weekly." I will show you by a few figures that even that was a shameless subterfuge. In the first place, our regular schedule commercial rates for advertising are considerably higher than those of any other paper in the State outside of the leading dailies of San Francisco. Under these rates our charge for this advertisement of twenty-seven inches in length would be, if published daily, seven days a week for the whole period in question, about three and one half months, *only \$1,13 1/4 gross*. From this there would be (to a commercial advertiser) a discount of 10 per cent, leaving a net charge of \$1,021. Compare this with the charges made by the other dailies here, having just about one half our sworn circulation, and you will see that their charges are *more than double* in one case, and *more than treble* in the other case.

I submit all these facts to you as conclusive proof of the need for rigid and searching examination on the part of the Legislature, in order that the excessive charges, the gross inequalities, and the flagrant injustices involved in this case may be prevented by the law-making power of the State.

I submit a copy of our advertising schedule now in force, and invite you to call in any fair-minded expert to figure this thing out, and make a comparison between our charge and those of other newspapers. Of course, when it comes down to the less important newspapers of the State—the small dailies and the county weeklies—you can see how entirely out of the way are their charges in many cases when compared with the charge which we have made, even had we been authorized to publish the matter daily.

I will add only one sentence to this already lengthy letter, viz.: Let the committees not permit themselves to be confused and overcome by a multitude of technical assertions and so-called expert testimony given on behalf of the men who are trying to push these bills through. There is nothing so terribly complicated about this matter of estimating the cost of advertisements. It can be figured as readily as simple interest—and *compound interest* is just what you don't want.

Yours,

H. G. O.

PETITIONS.

The following petitions and memorials were presented and ordered printed in the Journal:

By Senator Voorheis:

SAN FRANCISCO, CALIFORNIA, February 7, 1895.

Hon. E. C. Voorheis, Sacramento, California:

We, the undersigned, do most respectfully ask that you will favor Assembly Bill No. 474.

The cemeteries are nearly surrounded by valuable property on which are erected handsome residences and business houses. No doubt but that in time the remains of all deceased persons will be removed, as were those that were buried in the old cemetery where the City Hall now stands. The sooner the better, as lots are cheaper in San Mateo County, and very easy and cheap to get there by rail and electric cars.

Very respectfully yours,

H. T. EMERY.
W. N. HARTWELL.
R. C. DOWNS.
H. P. LONDON.
W. E. DOWNS.
JOHN TAYLOR.

Senator McAllister presented the following petition, signed by A. W. Glass and two hundred and eighty-nine others:

To the Legislature of the State of California:

The undersigned, residents and taxpayers of Contra Costa County and Agricultural District No. 23, believing that the appropriation of \$3,500 heretofore received by Agricultural District No. 23 has been judiciously expended, and knowing that it has been distributed entirely among residents of said district, and thus contributing to their benefit and the advancement of agricultural interests, and also believing that the slight increase in the tax rate necessary will not be felt, would most respectfully petition that the appropriation be continued.

Senator Shine introduced the following petition from Modesto, signed by Elder J. M. Monroe and one hundred and eighty-five others:

To the Honorable Legislature of the State of California:

The undersigned, having learned with deep solicitude that it is proposed to ask your honorable body to enact a uniform liquor license law, whereby our present local option right, as lodged with counties and municipalities, would be repealed, do most earnestly request that no such change be made; but instead that all be done to strengthen and simplify our present right of local government of the liquor traffic, and your petitioners shall ever so pray.

Also the following petition, signed by J. H. Neale and one hundred and five others.

We, the undersigned, interested in mines and mining in Sonora and the county of Tuolumne, hereby enter our vigorous protest against the proposed abolishment of the State Mining Bureau, or its transfer to the State University at Berkeley.

The Mining Bureau is the only State institution maintained in the interest of the miners of California, and is doing useful and satisfactory work. It should be continued as it is, and a liberal appropriation given to still further help the mining interests of California, which need fostering just as much as those of an agricultural nature.

Senator Earl introduced the following petition from Oakland, signed by H. G. McFarlin and one hundred and forty others:

To His Excellency Hon. JAMES H. BUDD, Governor of the State of California, and to the Honorable the Members of the State Senate and Assembly:

GENTLEMEN: We most earnestly petition you, in your respective capacities, to use your best efforts to secure the enactment of the measure providing "For the establishment of free employment offices in all first and second class cities, and under the direction of the Commissioner of Bureau of Labor Statistics." We particularly recommend its enactment because of the direct and beneficial effect to all labor interests, both of the employer and employed.

Senator Seymour introduced the following petition, signed by A. D. Bedford, M.D., and one hundred and seventy-nine others:

To the California Senate of 1895:

We, the undersigned, citizens of the State, do hereby respectfully call attention to the following facts:

1. The weekly day of rest, the Sabbath, is a benevolent institution appointed for the good of man by the divine Law-giver who governs the nations.

2. The best interests of the State are conserved by Christian morality, which is inseparably connected with the proper observance of the Sabbath; therefore, to ignore it as a day sacred to rest and worship tends to the subversion of religion and to the relaxation of moral restraints. It follows, therefore, that legislators who make good laws in favor of Sabbath observance are the best friends of the State.

3. Nearly all the States of the Union have such laws; it is for California's best interest to have such a law.

Therefore, we, your memorialists, do respectfully ask you to enact such a Sabbath law as will be founded upon and agreeable to the moral law of God, and that will not do wrong to any class of citizens.

Also a like petition, signed by C. W. James and one hundred and eighty-seven others.

Senator Shine introduced the following petition, signed by Henry G. Turner and fourteen others:

To the California House of Representatives, 1895:

We, the undersigned, citizens of the State, do hereby respectfully call attention to the following facts:

1. The weekly day of rest, the Sabbath, is a benevolent institution appointed for the good of man by the divine Law-giver who governs the nations.

2. The best interests of the State are conserved by Christian morality, which is inseparably connected with the proper observance of the Sabbath; therefore, to ignore it as a day sacred to rest and worship tends to the subversion of religion and to the relaxation of moral restraints. It follows, therefore, that legislators who make good laws in favor of Sabbath observance are the best friends of the State.

3. Nearly all the States of the Union have such laws; it is for California's best interest to have such a law.

Therefore, we, your memorialists, do respectfully ask you to enact such a Sabbath law as will be founded upon and agreeable to the moral law of God, and that will not do wrong to any class of citizens.

Senator Martin also introduced a like petition, signed by W. R. Arthur and thirty-three others.

Senator Orr also introduced a like petition, signed by Rev. R. Pratt and sixty-one others.

Senator Aram also introduced a like petition, signed by Sudie Phillips and forty-two others.

Senator Whitehurst also introduced a like petition, from Grace Collins and sixty-four others.

Senator Earl introduced the following petition, signed by Georgia Loughlin and ninety-nine others:

NORTH OAKLAND, CALIFORNIA, February 18, 1895.

To members of the Senate Committee on Morals:

GENTLEMEN: We, the undersigned, citizens of North Oakland, ask you most respectfully to report favorably upon Senate Bill No. 420, which raises the age of consent from fourteen years to eighteen years; and that you urge every member of the Senate and the Assembly to cast his vote in its favor.

"An ounce of prevention is worth a pound of cure."

Hon. Thomas Flint, Jr., President pro tem. of the Senate, in the chair.

Senator Ford moved that the constitutional provision requiring bills to be introduced on certain days be suspended, and that he be permitted to introduce a bill.

The roll was called, and the constitutional provision suspended by the following vote:

AYES—Senators Aram, Androus, Beard, Bert, Denison, Dunn, Earl, Flint, Ford, Gesford, Hart, Henderson, Holloway, Hoyt, Langford, Linder, Martin, McAllister, Mitchell, Orr, Seawell, Seymour, Shine, Shippee, Simpson, Voorheis, Whitehurst, and Withington—28.

By Senator Langford:

SENATE CONCURRENT RESOLUTION No. 9.

Relative to employment of convicts in the State Prisons.

WHEREAS, It is costing the taxpayers of this State upwards of three hundred thousand dollars per annum to maintain the State Prisons at San Quentin and Folsom and to support the twenty-one hundred convicts in those institutions in idleness or at non-productive labor; and whereas, in more than half the States in the Union the prisons are self-supporting, and in many are made to return an income to the State; now, therefore, be it

Resolved by the Senate, the Assembly concurring. That in our judgment the State Board of Prison Directors should take immediate steps to place the convicts in our State prisons at some employment which shall assist in lessening the large appropriations demanded biennially for the support of these institutions.

The roll was called, and Senate Concurrent Resolution No. 9 adopted by the following vote:

AYES—Senators Aram, Androus, Beard, Denison, Fay, Flint, Ford, Franck, Hart, Holloway, Hoyt, Langford, Linder, Martin, McAllister, Orr, Pedlar, Seawell, Shine, Simpson, Tonér, Voorheis, Whitehurst, and Withington—24.

WHEREAS, In the progress and development of our political system, it has become the settled policy of the people to quadrennially meet, in their respective party National Conventions, to confer together touching the lines of policy to be pursued in campaigns preceding national elections; and whereas, by reason of the immense geographical area of our country, and the great diversity of interests, it is inevitable that vast numbers of the citizens of the nation are unfamiliar with the conditions existing throughout the Union; and believing that the holding of National Conventions in different places, from time to time, will be highly beneficial to the representatives of the people attending such conventions, and also beneficial to the people in the territory adjacent to the location of such conventions, by tending to impress upon all the magnitude of our country, and the importance of close attention to the duties of citizenship, and thereby stimulate general interest and strengthen our patriotic instincts; and whereas, by reason

of topographical conditions, the States and Territories lying west of the Rocky Mountains are to a certain extent withdrawn from intimate association with the remainder of the nation; and in view of the fact that no National Convention of either of the leading political parties of the nation has ever been held west of the Rocky Mountains; and believing that by reason of expanse of territory, number of inhabitants, and volume of commerce, we are justified in asking the managers of the National Political Committees of the leading political parties to hold their conventions for the nomination of candidates for the offices of President and Vice-President in eighteen hundred and ninety-six at some point in some of the Pacific Coast States; and whereas, we desire to cooperate with, and to receive the cooperation of, our sister States and Territories in this connection; and believing that the representatives of the respective parties can reach the principal cities of the Pacific Coast with reasonable convenience and cost; and realizing the importance of immediate and effective action, be it

Resolved, That on behalf of California we earnestly invite the respective National Committees to hold their conventions within this State in the year eighteen hundred and ninety-six; and be it further

Resolved, That a copy of these resolutions be transmitted to each of the Governors of the States and Territories named, and to any others the Governor may deem advisable; and that a copy be transmitted to the Chairmen of the National Republican and National Democratic Committees.

PETITION.

The following petition was presented by Senator Fay, and ordered printed in the Journal:

PROTEST.

Against the adoption of the Langford resolution, asking Congress to cede Goat Island to the State for terminal purposes.

The undersigned, on behalf of the citizens of Oakland and San Francisco, hereby earnestly protest against the passage of the joint resolution introduced by Senator Langford, asking Congress to cede Goat Island to the State for use as a general railroad terminal, for the following reasons:

First—That the obstruction to the tidal flow caused by the building of a wharf, bridge, or causeway from Oakland to the Island, a distance of three miles, would have the effect of shoaling the navigable waters of the bay in front of Oakland for the whole distance of said bridge, obstruct the free navigation of the bay on the east of Goat Island, and ultimately produce long mud flats.

Second—Said obstruction to the tidal currents on the east of Goat Island would, in time, have the effect of turning the entire force of the current between San Francisco and the island into a channel less than one and one half miles wide, instead of having four and one half miles of an outlet. The current would be so strong that no ships could lay at the wharves in front of the city of San Francisco; in fact, the wharves would in time be destroyed by the velocity of the tides.

Third—There is no scarcity of land on either side of the bay for terminal purposes. The Southern Pacific Railroad has lands in Mission Bay they do not use.

Fourth—If Goat Island was given for terminal purposes, they would monopolize the whole warehousing system of the State.

Fifth—No advantages would be gained by the traveling public, as it would only shorten the distance by ferry by one and one half miles from what it is at present.

Sixth—Goat Island is required by the United States authorities and should be fortified in order to protect Oakland, Alameda, and San Francisco on the east; as in case of war, should iron-clads succeed in passing the outer batteries, Goat Island is the only protection we would have.

ADOLPH SUTRO, Mayor of San Francisco.
GEORGE C. PARDEE, Mayor of Oakland.

MEMORIAL.

To the California Senate of 1895:

We, the undersigned, citizens of the State, do hereby respectfully call attention to the following facts:

1. The weekly day of rest, the Sabbath, is a benevolent institution appointed for the good of man by the divine Law-giver who governs the nations.

2. The best interests of the State are conserved by Christian morality, which is inseparably connected with the proper observance of the Sabbath; therefore, to ignore it as a day sacred to rest and worship tends to the subversion of religion and to the relaxation of moral restraints. It follows, therefore, that legislators who make good laws in favor of Sabbath observance are the best friends of the State.

3. Nearly all the States of the Union have such laws; it is for California's best interest to have such a law.

Therefore we, your memorialists, do respectfully ask you to enact such a Sabbath law as will be founded upon and agreeable to the moral law of God, and that will not do wrong to any class of citizens.

(Signed:) Mrs. G. A. Storee, Mrs. D. R. Seawell, and one hundred and seventy-four others.

A resolution proposing an amendment to section seven, article six, of the Constitution of the State of California, relative to departments, and providing for additional departments, of the Superior Courts of the respective counties, and cities and counties, of the State, and to provide for an interchange of Judges among the different counties, and cities and counties, when necessary to dispose of accumulated business.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California, at its regular session, commencing on the seventh day of January, Anno Domini one thousand eight hundred and ninety-five, two thirds of all the members elected to each house concurring, hereby propose that section seven of article six of the Constitution of said State be amended so as to read as follows:

Section 7. In any county, or city and county, other than the City and County of San Francisco, in which there shall be more than one Judge of the Superior Court, the Judges of such Court may hold as many sessions of said Court at the same time as there are Judges thereof, and shall apportion the business among themselves as equally as may be. If at any time there are causes pending at issue, or proceedings pending, in the Superior Court of any county, or city and county, or any department thereof, trial or hearing of which cannot be had within two months after issue joined or proceedings instituted, by reason of the prior pendency of other causes or proceedings undisposed of in such Court or department thereof, it shall be the duty of the presiding Judge of said Court to certify such fact to the Governor, stating in such certificate the number and character of the causes or proceedings so pending, and that it is necessary that one or more Judges be temporarily provided for such Court or department, and estimating the length of time reasonably necessary to dispose of such accumulated business. Thereupon it shall be the duty of the Governor to request one or more Judges of the Superior Court of some other county, or city and county, not materially in arrears with its business, to proceed to such county, or city and county, and to report to such presiding Judge of the Court requiring such assistance. Whereupon, such presiding Judge shall be authorized to establish one or more, or additional, departments of such Court, which additional department or departments shall be presided over by such Judge or Judges so requested by the Governor to act; and while so acting, such additional Judge or Judges shall in all things be deemed to be regular Judges of such Court. In such cases, when Judges are so temporarily acting, the regular presiding Judge of such Court shall apportion the business to the respective departments. The Legislature may provide by general law for the division of the State into judicial districts, embracing two or more counties, or cities and counties, with provision for the organization of the Courts of the respective counties, or cities and counties, comprising such districts, by the election of a presiding Judge of such district; such presiding Judge to assign the respective Judges in such district, to the respective Courts other than that to which they were elected or appointed, as the requirements of the respective counties, or cities and counties, may dictate. In all cases where a Judge or Judges are required to attend and hold Court in any county, or city and county, other than the county, or city and county, in which they are elected or appointed such Judge, the county, or city and county, in which they temporarily hold Court shall pay them the actual amount of money expended by them, for transportation and subsistence, in going to and from, and remaining in, such other county, or city and county, under such direction.

PETITION.

The following petition was presented by Senator Gleaves, and ordered printed in the Journal.

From D. C. Jordan and forty-three others of Cottonwood, Shasta County, the following:

To the Honorable Legislature of the State of California:

The undersigned, having learned with deep solicitude that it is proposed to ask your honorable body to enact a uniform liquor license law, whereby our present local option right, as lodged with counties and municipalities, would be repealed, do most earnestly request that no such change be made; but instead that all be done to strengthen and simplify our present right of local government of the liquor traffic, and your petitioners shall ever so pray.

Also from the same place, signed by Walter C. White and fifty-nine others, the following:

To the California Senate of 1895:

We, the undersigned citizens of the State, do hereby respectfully call attention to the following facts:

1. The weekly day of rest, the Sabbath, is a benevolent institution appointed for the good of man by the divine Law-giver who governs the nations.

2. The best interests of the State are conserved by Christian morality, which is inseparably connected with the proper observance of the Sabbath; therefore, to ignore it as a day sacred to rest and worship tends to the subversion of religion and to the relaxation of moral restraints. It follows, therefore, that legislators who make good laws in favor of Sabbath observance are the best friends of the State.

3. Nearly all the States of the Union have such laws; it is for California's best interest to have such a law.

Therefore, we, your memorialists, do respectfully ask you to enact such a Sabbath law as will be founded upon and agreeable to the moral law of God, and that will not do wrong to any class of citizens.

Also: A like petition by Senator Withington, signed by G. O. Thomas and ninety-one others.

Also: A like petition by Senator Orr, signed by J. A. Walker and ninety-seven others of Ventura.

Also: Like petitions by Senator Seymour, one signed by Ed. Gains and sixty-seven others, from San Jacinto.

Also: One from Cucamonga, signed by H. L. Salsbury and twenty-five others.

Also: A like petition by Senator Androus, from Whittier, signed by Olive J. Edwards and forty-five others.

The following telegram was presented by President pro tem. Hon. Thomas Flint, Jr., and read:

SAN FRANCISCO, March 6, 1895.

To the Honorable President of the Senate, Sacramento:

The undersigned committee, representing the commercial organizations and mercantile interests of San Francisco, earnestly and emphatically protest against the passage of Senate Bill No. 852, whereby thirty of forty thousand dollars annually will be diverted from the municipal treasury to an official who already receives a stated salary of eight thousand dollars per annum; twice as much as Superior Judges receive, and more than any judicial officer in the State.

Our municipality is at present in urgent need of the moneys which this bill would deprive the treasury of. Any alleged hardships in the enforcement of the present Act can be easily remedied by providing for Deputy Treasurers in the Sheriffs' and Clerks' offices, as per bill now before you.

As the representatives of vast business interests and property rights of great magnitude in San Francisco, we earnestly petition your honorable body to defeat Senate Bill No. 852, and we further respectfully request that this petition be entered in your Journal.

WALTER M. CASTLE,
HUGH CRAIG,
ARTHUR G. TOWNE,

Committee representing Chamber of Commerce of San Francisco.

GEO. T. HAWLEY,
M. P. JONES,
ALFRED J. MARCUS,

Committee representing Board of Trade of San Francisco.

MR. PRESIDENT: The Sergeant-at-Arms is recognized as your chief executive officer, taking from your honored self, orders and instructions, which it is his duty to give, and which it is the duty of every Senator instantly to obey, without inquiry as to whether they have emanated from you or not. The Sergeant-at-Arms has directed me at this time to present you with this gavel, and without inquiring as to whether this direction has come from a higher source, I shall proceed at once to obey the mandate.

This gavel, I am told, is made from wood taken from that tree under whose shadow lies the grave of Washington, and through whose branches the breeze is ever singing a requiem to the patriot dead. The wood is laurel, and in that connection, I am directed to recall to your mind the fact that the ancient Greeks crowned with laurel wreaths those who won victories, or who had otherwise greatly distinguished themselves. Preserving the thought but not the form, I am directed, and it is my very great pleasure, to present to you this laurel gavel, as an expression of appreciation and a well-merited witness of the very able manner in which you have discharged the duties of presidency of this Senate.

The President pro tem., in fitting terms and with thanks, accepted the same.

From H. F. Perry and fifty-eight others, the following:

To the California Senate of 1895:

We, the undersigned, citizens of the State, do hereby respectfully call attention to the following facts:

1. The weekly day of rest, the Sabbath, is a benevolent institution appointed for the good of man by the divine Law-giver who governs the nations.

2. The best interests of the State are conserved by Christian morality, which is inseparably connected with the proper observance of the Sabbath; therefore, to ignore it as a day sacred to rest and worship tends to the subversion of religion and to the relaxation of moral restraints. It follows, therefore, that legislators who make good laws in favor of Sabbath observance are the best friends of the State.

3. Nearly all the States of the Union have such laws; it is for California's best interest to have such a law.

Therefore, we, your memorialists, do respectfully ask you to enact such a Sabbath law as will be founded upon and agreeable to the moral law of God, and that will not do wrong to any class of citizens.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 8, 1895. }

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bill No. 764.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 7, 1895. }

To the Senate of the State of California:

It is my duty to inform your honorable body that Senate Bill No. 431, this day transmitted to me for my approval, possesses the defect of having been passed by the Assembly, on March 4th, according to the officially published record of that body, by an affirmative vote of forty, which is not a constitutional majority. I therefore return the said bill to your honorable body for such action as you may deem necessary to cure the defect therein.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 7, 1895. }

To the Senate and Assembly of the State of California:

In my inaugural address delivered to your honorable bodies, I called attention to the extravagance of our State government and to the high rates of existing taxation. I made a comparison in that address between the expenses of California and those of the other principal States of the Union, showing by tables presented, that while California in population was twenty-second, in the matter of total expenditures it ranked fourth.

In that inaugural I also called your attention to the reports of the Superintendent of the Napa Lunatic Asylum, and the former Superintendent of the Stockton Lunatic Asylum, showing the large number of persons therein maintained, who, under the law, should not be inmates of those institutions. I said in this connection, after indicating the great disproportion between the expenses of California and other States of the Union:

"As a step in the direction indicated, I would recommend that a bill be passed abolishing existing asylum boards, and providing for one non-partisan board of from seven to nine members to control the entire system of lunatic asylums, with power to employ one general supervising head, who shall be an expert, and not otherwise connected with any of the institutions. The saving by such a system would be large, and local persuasion and influence could circumvent neither the expert nor the general board."

Since my inauguration, and in the discharge of my duties as Governor, I have more fully investigated the institutions and affairs of the State than was possible prior thereto. I have discovered ample proof of all I said in that address, and that its statements were far short of the actual facts.

A bill was introduced, without suggestion from myself, by Senators and Assemblymen of the State, going beyond even the recommendations of my address, which bill, in my belief, if adopted by this Legislature, with such amendments as it may deem proper, would save to the taxpayers of the State hundreds of thousands of dollars each year. I refer to the Senate Bill known as the Seymour Bill (No. 508), and the Assembly Bill, known as the Pendleton Bill (No. 693).

In another portion of my address I spoke as follows: "The extraordinary increase in the number of our lunatic asylums and other State institutions, had its origin in two causes: First, the desire of members of the Legislature from particular sections to secure the approval of their constituents by conferring upon them certain supposed benefits, and the consequent iniquitous system of trading to which this gave rise."

These observations—first, as to the endeavor of the members of the Legislature to secure the approval of their constituents at the expense of the people at large, and, second, local persuasion and influence exerted upon them—have been put to the test in this Legislature, and have been exemplified in the consideration of the so-called Seymour-Pendleton Bill.

We have seen in the corridors of the Capitol either the trustees of the various institutions affected by these bills, or their representatives, using every influence within their power for the purpose of defeating the measures. We have seen local boards of trade and local merchants not only appealing to the members from their respective localities for the defeat of these measures, but even demanding that the measures be withdrawn. When local communities, or the business men of leading towns, publish to the Legislature and to the world that they demand that their representatives in the Legislature shall abandon measures of this nature, because of the threatened loss of business, it is a virtual admission that the loss to the localities would be a saving to the taxpayers of the State, and constitute a very strong reason why the proposed legislation should be adopted. While these boards of trade and other like bodies are making such strenuous efforts before the Legislature, I fail to find one recommendation emanating from them in the interest of economy.

The Board of Examiners of this State, of which the Attorney-General and Secretary of State—both upright Republicans—are members, will bear out the Executive in his statement, that the extravagance of these institutions and the burdens placed upon the people by their mismanagement, are things so far beyond the conception of the people that, if known, they would create a storm of general indignation, which would cause local trustees and local merchants to pause before essaying to dictate to the Legislature what ought to be done in the interest of the people. The investigations made by the Board of Examiners show that but few institutions are not, in violation of the letter and spirit of the law, misapplying public funds, in some cases using the maintenance fund for the purpose of making purchases and improvements, and in others spending the money of the State in luxuries for the heads of departments, such as would not be contemplated by any judicial regulation, and in still others maintaining many inmates that should not be there.

The maintenance of State officers, housed and cared for at the expense of the people, is an item in the list of extravagances of no small importance. The Attorney-General, the Secretary of State, the Surveyor-General, and other officials of equal ability, who are elected by the people, receive but three thousand dollars a year and maintain themselves, whereas persons selected for important positions in State institutions by local boards are allowed larger salaries by these boards, and are maintained in luxury at the expense of the State.

This measure that I now recommend to you has no politics in it, but is a proposition of such great importance to the people, and will work so great a saving to them, that I feel, even at this late hour of the session, called upon to urge its passage, so that something may be done to change the existing state of affairs in California, and give the people some of the relief for which they are asking, and to which they are entitled.

I hope you will pass this measure, and that I may not be compelled in the future, in the selection of boards of trustees of the institutions affected by it, to select three men who will be members of each and every board, and thereby, under the law, constitute a Board of Charities in fact, although not in name.

JAMES H. BUDD, Governor.

MESSAGES FROM THE ASSEMBLY.

The following messages from the Assembly were read:

SENATE CHAMBER, SACRAMENTO, March 8, 1895.

MR. PRESIDENT: I am directed to inform your honorable body that the Assembly, on the sixth day of March, passed Assembly Bill No. 580—An Act to amend section three

thousand and five of the Political Code, and providing for the appointment of a Board of Health for the City and County of San Francisco.

S. J. DUCKWORTH, Chief Clerk.

Assembly Bill No. 580 referred to Committee on Hospitals.

Also:

ASSEMBLY CHAMBER, SACRAMENTO, March 8, 1895.

MR. PRESIDENT: I am directed to inform your honorable body that the Assembly, on this day, passed Assembly Bill No. 959—An Act to establish a uniform system of county and township governments.

S. J. DUCKWORTH, Chief Clerk.

WITHDRAWAL AND SUBSTITUTION OF BILL.

On motion of Senator Withington, Senate Bill No. 807 was, with the unanimous consent of the Senate, withdrawn, and Assembly Bill No. 959 was substituted therefor on the file, the bills being identical.

Senator Withington moved that Assembly Bill No. 959 be now read first time, and made a special order for to-morrow, immediately after reading the Journal, to take the place of Senate Bill No. 807, withdrawn.

So ordered.

At twelve o'clock and fifteen minutes p. m. President pro tem. Hon. Thomas Flint, Jr., resumed the chair.

FIRST READING OF BILL.

Assembly Bill No. 959—An Act to establish a uniform system of county and township governments.

Read first time.

SPECIAL FILE.

Senate Bill No. 17—An Act providing for the selection, condemnation, and purchase of a suitable site, and the erection thereon of a State building in San Francisco, and making an appropriation therefor.

On motion of Senator Biggy, the amendments suggested to this bill were withdrawn, and the bill was passed on file, but to retain its place.

PASSAGE OF BILL.

Senate Bill No. 89—An Act authorizing the formation of county mutual insurance companies, regulating the transaction of their business, and defining the duties of the officers thereof.

The bill having been read the third time on a previous day, the question was on its passage.

The roll was called, and the bill passed by the following vote:

AYES—Senators Aram, Arms, Androus, Beard, Dunn, Franck, Gleaves, Hart, Holloway, Linder, Martin, Mathews, Metiowan, Mitchell, Orr, Pedlar, Seawell, Seymour, Shippee, Simpson, Smith, Toner, Whitehurst, and Withington—24.

NOES—Senators Bert, Biggy, Denison, Earl, Fay, Gesford, Hoyt, Mahoney, McAllister, and Shine—10.

Title read and approved.

Senator Earl gave the following reasons in explanation of his vote:

MR. PRESIDENT: I am in favor of mutual insurance, and was in hopes of being able to vote for a bill drawn on what, to me, seem proper lines. I would be glad to vote for Senate Bill No. 87, also introduced by the Senator from Humboldt, because it contains

in section three thereof the provision that the premium notes of the company shall be secured by lien on the insured property. But there is no such provision in Senate Bill No. 89. The undertakings provided for in section five of Senate Bill No. 89 are wholly unsecured, and they should be secured just as the premium notes provided for in section three of Senate Bill No. 87. There being no such provision in Senate Bill No. 89, the bill, in my judgment, is unsafe for insurers, and I therefore vote "no."

NOTICE OF RECONSIDERATION.

Senator Gleaves gave notice that on to-morrow he would move a reconsideration of the vote whereby Senate Bill No. 89 was this day passed.

THIRD READING OF BILL.

Senate Bill No. 699—An Act to provide for the appointment and salary of a clerk in the office of Superintendent of Public Instruction, and to make an appropriation therefor.

NOES—Senator Holloway—1.

Title read and approved.

Senator Ford moved to take up for consideration Senate Constitutional Amendment No. 23.

So ordered.

Senate Constitutional Amendment No. 23 read as follows:

SENATE CONSTITUTIONAL AMENDMENT No. 23.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State, amending section four of article six, relative to the "Judicial Department."

The Court shall also have power to issue writs of mandamus, certiorari, prohibition, and habeas corpus, and all other writs necessary or proper to the complete exercise of its appellate jurisdiction. Each of the Justices shall have power to issue writs of habeas corpus to any part of the State, upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself, or the Supreme Court, or before any Superior Court in the State, or before any Judge thereof.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 8, 1895. }

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bills Nos. 1, 35, 226, 228, and 225.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 7, 1895. }

To the Senate of the State of California:

I herewith return, without my approval, Senate Bill No. 207, entitled "An Act to regulate the sale of milk," with my objections thereto.

It is provided in section four of the bill, that "in all prosecutions under this chapter, if the milk is shown upon analysis to contain more than eighty-seven per cent of watery fluid, or to contain less than thirteen per cent solids, not less than one fourth of which must be fats, it shall be deemed, for the purposes of this chapter, to be adulterated, and

not of good standard quality, except during the period between the fifteenth day of March and the fifteenth day of May of each year, when milk containing less than twelve per cent of milk solids shall be deemed not of good standard quality."

Under the provisions of section four of the bill, the analysis of the milk which a person sells is the test of his guilt or innocence, if charged with a violation of the provisions of the Act.

A standard work on the subject by Copeland and Bevan, recently published, entitled "Practical Hygiene," gives the percentage of the constituents of pure milk, as taken from the cow immediately, before the solids of the milk have commenced to separate from the watery fluids, or the milk has been agitated, and the percentages so given are about such as, under the provisions of said section four, constitute milk of good standard quality; but if the milk has stood a short time the fatty and cream portions of the milk rise toward the top of the vessel in which the milk is contained, while the watery fluids of the milk will be nearer the bottom of the vessel. So that a dairyman starting out in the morning with milk of the standard quality mentioned in the bill, after selling the portion of the milk in the upper part of the milk can, would be liable, under the provisions of the bill, to arrest and conviction, if he sold the remaining portion of the milk in the bottom of the can.

In view of a doubt in my mind as to the proportions of the constituent parts of milk, and whether this section of the bill would not operate in the interests of certain localities, and certain breeds of cattle as against others, I communicated with William B. Rising, Esq., State Analyst, and received from him a reply, a copy of which I append hereto, as showing in part my objections to the bill.

From the communication it will be seen what are the proportions of the constituent parts of milk from cows of different breeds in France as well as from cows of different breeds, known and unknown, in England, Germany, France, Belgium, Switzerland, and the United States. From seven hundred and ninety-three analyses made, an average of the percentage of watery fluids in pure milk from cows is 87.17; of fat, 3.69; of solids, 12.83; a maximum of the percentage of water, 90.69; and of fat, 6.47; and a minimum of the percentage of water is 80.32; and of fat is 1.67; showing a great difference in the proportion of the constituent parts of pure milk from cows of different breeds and from different sections.

The average per cent of watery fluid in pure cows' milk, as shown by these analyses, is 87.17, and persons selling such milk, although pure, would be liable to arrest and conviction under the provisions of this bill, should it become a law.

While I approve of the purpose of this bill, and would most cheerfully approve a bill to regulate the sale of milk so that the adulteration thereof may be prevented, I cannot, for the reasons above stated, approve the bill herewith returned to the Senate.

OFFICE OF STATE ANALYST, BERKELEY, March 4, 1895.

To his Excellency Governor JAMES H. BUDD:

MY DEAR GOVERNOR: In answer to your note of the first instant, I beg leave to say that I can only give you the data of countries and places other than California. If this were made a part of my duties as State Analyst, and I were given the necessary assistance, I would gladly get together the necessary data for this State, and for the different parts of the year, so that we could narrow down to the limits somewhat in drawing up any bill regulating the milk traffic. What I will give you will be an average of many hundred samples, and which have been accepted as standards in other places.

I send you the average maximum and minimum composition of various breeds of cows in France, which you see at a glance. On another sheet I send you the average of seven hundred and ninety-three (793) analyses of cows, of known and unknown breeds, and of all countries—England, Germany, France, Belgium, Switzerland, United States, etc. The average of the seven hundred and ninety-three analyses give water 87.17 per cent, fat 3.69 per cent, solids 12.83 per cent, with a minimum of water 80.32 per cent, minimum of fat 1.67 per cent, maximum of water 90.69 per cent, fat 6.47 per cent.

I trust you will find in the report the information that you want. I have an earnest

desire to make the department of as much service to the State and the public as is possible, consistent with the other duties which are required of me as teacher. I wish you could impress upon the Board of Regents that they ought at least to give one assistant to help in such work, and I can assure you that it would be very easy to find work for several such helpers.

I am very truly yours,

W. B. RISING.

MOTION.

Senator Withington moved that the consideration of the Governor's message be made a special order for Monday next, after reading of the Journal.

So ordered.

SENATE JOINT RESOLUTION No. 17.

Joint resolution relative to expending moneys now available for the improvement of our navigable rivers, by the National Government.

WHEREAS, The river systems of California have been examined by the engineers of the War Department, and recommendations have been made from time to time for their improvement, particularly so by Executive Document No. 246, Fifty-first Congress, Second Session, wherein a recommendation is made for a specific appropriation of two hundred and seventy-five thousand dollars for removal of obstructions in the Lower Sacramento, and for a specific appropriation of three hundred thousand dollars for the treatment of the Yuba near and above Marysville. An appropriation of three hundred and forty-five thousand dollars for the improvement of the Sacramento and Feather Rivers was also recommended by Major W. H. Heuer, of Corps of Engineers, in his annual report of eighteen hundred and ninety-three. Recommendations have also been made by sundry Executive Documents of the War Department for the improvement of the San Joaquin and Mokelumne Rivers, Petaluma Creek, and other navigable streams of the State. Based on these recommendations, Congress has made sundry appropriations for the improvement of the river systems of California. These appropriations have been only a fraction of the amounts recommended by the War Department, but if expended promptly the relief afforded would be incalculable. As said by the report dated February third, eighteen hundred and ninety-one, of the Board of Engineers, consisting of G. H. Mendell, Colonel; A. MacKenzie, Major; and Dan C. Kingman, Captain of Engineers: "The movement of the wheat harvest takes place during the low stage of water, so that the greatest demand for transportation comes when the natural conditions are least favorable. Relief to be adequate needs to be prompt. Prices are affected by existing conditions. A good river makes freighting cheap, whether it be done on the river or on competing railroads. The cost of transportation on the water determines the price on land." The report from which the above quotation is taken is that of a Board of Government Engineers appointed to examine into the necessity for improvement of the river systems of California. It appears by Appendix TT of the annual report of the Chief Engineer that the total amount of freight transported during the year by the river systems of California was eight hundred and fifty-six thousand six hundred and fifty-three tons. This amount of freight is carried at reduced rates, and river transportation also reduces the rates charged by railroads, as said on page twenty-five hundred and fifty-three of that report, at least to the extent of one dollar per ton, and the amount of freight transported by rail, and affected by water competition, is three times as great as that carried by water. The river systems of California have been partially improved by the expenditures already made, but large sums are in the hands of the Government engineers, still unexpended. If California is to have the benefit of the appropriations made by Congress, it is absolutely essential that these sums should be expended immediately. The price of all products is now so low that the improvement of the rivers of California, and the cheapened cost of transportation that will result thereby, is an imperative necessity. Whether the refusal to do the work for which these appropriations have been made is the result of indifference, negligence, or a determination to deprive the people of cheap water transportation, is difficult to determine. However that may be, the result is disastrous to the welfare of California; therefore,

Resolved by the Senate of the State of California, the Assembly concurring, That the Secretary of War of the United States, in behalf of and in the name of the State of California, be and he is hereby requested to direct the expenditure, in accordance with the recommendations of the Government engineers, of the sums of money appropriated for river improvement and still unexpended.

Resolved, That the Governor be and he is hereby requested to transmit a copy of this resolution to the Secretary of War of the United States, and that our Senators be directed, and our Representatives be requested, to use all honorable means to secure the improvement of the river system of California by the expenditure of the money appropriated for that purpose, as specified in this resolution.

Senate Joint Resolution No. 17 read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Aram, Arms, Beard, Biggy, Burke, Denison, Dunn, Earl, Flint, Ford, Frank, Gleaves, Hart, Hoyt, Mahoney, Martin, Mathews, McAllister, McGowan, Mitchell, Orr, Pedlar, Seawell, Seymour, Shine, Shippee, Simpson, Smith, and Toner—29.

REPORTS OF STANDING COMMITTEES—(OUT OF ORDER).

The following reports of standing committees were read:

ON FINANCE.

SENATE CHAMBER, SACRAMENTO, March 9, 1895.

MR. PRESIDENT: Your Committee on Finance, to whom was referred Senate Bill No. 889—An Act appropriating money for the care of the Yosemite Valley.

Also: Senate Bill No. 888—An Act appropriating money for the maintenance of the State Board of Horticulture.

Have had the same under consideration, and respectfully report the same back, and recommend that they do pass.

VOORHEIS, Chairman.

Also:

SENATE CHAMBER, SACRAMENTO, March 9, 1895.

MR. PRESIDENT: Your Committee on Finance report that the items contained in the General Appropriation Bill, Assembly Bill No. 617, aggregate \$5,742,240.

The following items are included in the bill of this session, which were not included in the General Appropriation Bill of the thirtieth session, but were provided for elsewhere:

Salary of Supreme Court Commissioners and Secretary.....	\$64,800 00
Revolving Fund, State Printer's Office.....	40,000 00
Traveling and contingent expenses of the State Board of Equalization.....	10,000 00
Public Works and Debris Commission.....	19,866 00
Orphans and half-orphans.....	650,000 00
Veterans.....	90,000 00
Total.....	\$874,666 00

Deducting these items, the total of the bill this session is.....\$4,867,574 00

The amount of the General Appropriation Bill of the thirtieth session was... 4,708,265 00

Increase over thirtieth session.....\$159,309 00

An increase in the following allowances accounts for the difference:

	Allowance 30th Session.	Allowance 31st Session.
Contingent expenses of the Legislature.....	\$30,000 00	\$75,000 00
Mendocino Asylum.....	70,000 00	145,000 00
Home for Feeble-Minded.....	100,000 00	140,000 00
Preston School of Industry.....	70,000 00	100,000 00
Totals.....	\$270,000 00	\$460,000 00

The allowance for contingent expenses of the Legislature is not an increase. It simply provides for raising the amount necessary, according to the estimates of the Controller.

The increased allowance for the Mendocino Asylum for the Insane, the Home for Feeble-Minded Children, and the Preston School of Industry seemed to be absolutely necessary to sustain these institutions.

PETITIONS.

Senator Seawell presented the following petition, and the same was ordered printed in the Journal:

To the Senate and Assembly of the State of California:

The undersigned, property owners of the city of Sacramento, owning property affected by Senate Bill No. 489, entitled "An Act authorizing the State Capitol Commissioners to improve certain streets in the city of Sacramento," etc., hereby protest against the passage of said bill, and respectfully but earnestly request that the said bill be not passed. The city taxes of Sacramento City are higher than those of any other municipality in the State, and, in addition to the payment of these taxes, we have paid large sums for street improvement within the past two years, and to compel us now to participate in the improvement of the streets, as contemplated by Senate Bill No. 489, would work an extreme hardship upon us all, and in some cases would cause an absolute confiscation of our property. The prevailing depression in financial matters makes it impossible for some of the undersigned to raise the funds which will be required for the improvement of the streets directed by said bill; and this financial stringency, taken in consideration with the high taxes of Sacramento City, and the improvements we have already made, would render it impossible for us to comply at the present time with the provisions of the bill.

The number of feet owned by each signer hereto, and the street upon which the property of each is situated, is set opposite his name, respectively. Respectfully,

Mrs. M. E. Dickman, $S \frac{1}{2}$, of Lot 1, N and O, Tenth and Eleventh Streets; Mrs. Mary McCabe, E $\frac{1}{2}$ Lot 3, Tenth and Eleventh, N and O Streets; Mr. N. Senator Mathews presented the following petition, and same was read and ordered printed in the Journal:

To the Senate and Assembly of the State of California, convened in legislative session, at Sacramento, March, 1895:

The undersigned, being a committee representing the fruit growers of California, send greeting.

We beg to submit to you the following propositions for your favorable consideration: That horticulture is the leading industry of this State, and that the prosperity of this State largely depends on the success of the horticulturists thereof.

That the successful extension of the industry of the horticulturists is contingent on the cheap transportation of its products.

That it has ever been one of the chief functions of civilized governments to provide for its citizens such high-roads as shall make transportation as easy and cheap as possible.

That railroads are such high-roads in this nineteenth century.

That permitting private ownership of these roads has created a gigantic monopoly, ruinous to the moral, political, physical, and pecuniary well-being of the citizens of California.

We therefore submit to you that there is no more imperative duty before you than that of passing such remedial measures as shall enable the people of this State to free themselves from the toils of this monopoly.

One such measure is Senate Bill No. 108, known as the "Mathews Bill," which, under specified conditions, empowers counties to build railroads through their limits, and to unite and connect with adjacent counties for the joint operation and maintenance of same. This bill we urge you to pass.

We also beg you to submit to the people for next election the question as to the advisability of this State buying up the whole existing railroad system within its limits (as Germany and other countries have done), and operating the same at cost for public use and benefit, paying therefor by bonds to be redeemed by a sinking fund of one half of one per cent per annum. This in eighty-three years would give the railroads to the people free of all fixed charges for interest.

That you may adopt these or other such measures as shall insure permanent prosperity to the people of this State, by relieving them from the oppression of a crushing monopoly, is the object of this memorial.

D. T. FOWLER,
EDWARD BERWICK,
A. R. SPRAGUE,

Committee appointed by the Fruit Growers' Convention held at Sacramento, November, 1894.

MESSAGES FROM THE GOVERNOR—(RESUMED).

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1895. }

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bills Nos. 196, 230, 155, 28, 51, 122, and 310.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 11, 1895. }

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bill No. 88.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 9, 1895. }

To the Senate of the State of California:

I hereby return, without my approval, Senate Bill No. 242, entitled "An Act to amend sections three thousand four hundred and eighty-one and three thousand four hundred and eighty-two of the Political Code, relating to the division of swamp land districts," with my objections thereto.

The proposed amendments do not appear to me to be at the present time necessary. The incorporation in the amendment to section three thousand four hundred and eighty-one of the following language: "that the creation of the new district will leave the lands in the existing district in such condition that they can be reclaimed without any material increase in the expense per acre for the reclamation over and above the estimated expense per acre for the reclamation of the entire body of lands embraced within the existing district," would entail an injustice to many owners of swamp lands. It is a limitation on the power of the owners of two-thirds or more of any body or bodies of swamp and overflowed land within existing swamp and overflowed land districts in the creation of a new district, when by reason of location, natural defects, or insurmountable obstacles, a portion of the lands equal to one third therein, or less, cannot be reclaimed.

If the amendment should prevail, and there should be a district existing in which a portion of the land thereof cannot be reclaimed, then the owners of even two thirds or more of the land within the district, which might otherwise be made productive, cannot create out of the same a new district for the purpose of improving said land. In such cases they would be bound by this clause of the amending Act to allow the land to remain unreclaimed absolutely and for all time. The injustice that would flow from such a provision must be obvious to any fair-minded person who considers the matter. If the lands of the old district, not included in the new, could be reclaimed "without any material increase in the expense per acre for reclamation over and above the estimated expense per acre for the reclamation of the entire body of lands embraced within the existing district," what necessity can exist for the creation of a new district?

JAMES H. BUDD, Governor.

MOTION.

On motion of Senator Arms, the further consideration of the Governor's message (as relates to the Governor's veto of Senate Bill No. 242) was postponed, and made a special order for to-morrow evening, at seven o'clock and thirty minutes.

Two years ago I came here from San Francisco into this body as a Senator. I have tried to do my duty in this Senate, both this session and last session of the Legislature. I came here to perform my duty conscientiously, and I think I have done so; at least I believe I have. I defy any one to say anything to the contrary.

At the last session of the Legislature I had not been here more than a week, when I was offered seven thousand dollars to stand in with a combination for everything there was. This session I was again offered, on the floor of this Senate, the same proposition, but the sum was eight thousand dollars, which I refused, and can prove my accusations.

I believe I was to take part in every cinch bill that was introduced at this session. Last night there were two of them knocked out. There were other bills, among them the water, gas, and telephone bills, and others I could mention if I so desired. It was understood the railroad was to settle with me when I went to San Francisco, after I left here at the end of the session. Two years ago I did not get that far. I did not mean to strike at all. I mention no names. The railroad came up here to try and repeal an Act that session. I could not stoop to anything, and I would not if I could. Now, I am not afraid of resigning my seat, and I stand before any people in the State of California in defense of the interests of San Francisco. I believe I have said everything. I do not know any name in that combination, and I do not want to know. I could not stoop to anything of this kind, nor I would not if I could. I say this without fear or favor. I accuse no man in this Senate of being in that combination except one man, and that is the one that asked me.

The presiding officer then announced the vote on the motion of Senator Biggy to amend section three, and declared the amendment adopted by the following vote:

AYES—Senators Aram, Arms, Beard, Bert, Biggy, Burke, Earl, Fay, Flint, Ford, Franck, Gesford, Gleaves, Holloway, Hoyt, Martin, Mathews, McAllister, McGowan, Orr, Pedlar, Shine, Shippee, Simpson, Smith, Voorheis, Whitehurst, and Withington—28.

WHEREAS, Senator Biggy, on this day, made statements during a session of this Senate, wherein accusations were made against certain unnamed Senators as being in a "combine"; and whereas, at the same time Senator Biggy made use of the following language, which reflects upon the honor, integrity, and dignity of this Senate:

"Two years ago I came here from San Francisco into this body, as a Senator. I have tried to do my duty in this Senate, both this session and last session of the Legislature. I came here to perform my duty conscientiously, and I think I have done so; at least I believe I have. I defy any one to say anything to the contrary. At the last session of the Legislature, I had not been here more than a week when I was offered seven thousand dollars to 'stand in' with a combination for everything there was. This session I was again offered, on the floor of this Senate, the same proposition, but the sum was eight thousand dollars, which I refused, and can prove my accusations. I believe I was to take part in every cinch bill that was introduced at this session. Last night there were two of them 'knocked out.' There were other bills, among them the water, gas, and telephone bills, and others I could mention if I so desired. It was understood the railroad was to settle with me when I went to San Francisco, after I had left here at the end of the session. Two years ago I did not get that far. I did not mean to strike at all. I mention no names.

"The railroad came up here to try and repeal an Act that session. I could not stoop to anything, and I would not if I could.

"Now I am not afraid of resigning my seat, and I stand before any people in the State of California in defense of the interests of San Francisco. I believe I have said everything.

"I do not know any name in that combination, and I do not want to know. I could not stoop to anything of this kind, nor I would not if I could. I say this without fear or favor.

"I accuse no man in this Senate of being in that 'combination,' except one man, and that is the one that asked me."

AND WHEREAS, Said statements are of such a character as to cause widespread notoriety, and to lead the people of the State of California to infer that the Senate of this Legislature is and has been corrupt in its proceedings and actions; therefore, be it

Resolved, That a committee of five be appointed by the President pro tem. of the Senate to fully investigate the charge and words used by Senator Biggy, and that said committee is fully empowered to investigate said charge, and send for persons and papers, and is required to report to the Senate the result of its investigations.

MOTION.

PETITION.

Senator Flint presented the following petition, and the same was ordered printed in the Journal:

SAN FRANCISCO, March 12, 1895.

To the honorable the President and the members of the Senate of the State of California in Senate assembled:

GENTLEMEN: The merchants of the City and County of San Francisco, to the number of one hundred or more, represented in an organization known as the "Associated Creditors of the City and County of San Francisco," have supplied goods, wares, and merchandise of actual necessity in the prosecution of the business and the carrying forward of the government of the city, of the value of, approximately, two hundred and twenty-five thousand dollars. The justice of their claims is admitted by the Board of Supervisors, the Auditor, the Treasurer, and the City and County Attorney, but payment is refused under a strict interpretation of the County Government Act, and the general laws affecting county governments in this State. All of these claims have been legally examined, allowed, and ordered paid by the Board of Supervisors. Many of them have a second audit in the way of judicial decision and judgment by the Courts in favor of the claimants against the city. We respectfully ask legislation calculated to give some substantial relief to these claimants, and would suggest as a means to that end, that the Boards of Supervisors of cities, or cities and counties, of more than one hundred thousand inhabitants, be permitted to include in their tax levies for the fiscal year 1895-96, an amount sufficient to pay off all outstanding claims for necessities supplied such cities, or cities and counties, and that such amounts so included in said levies be specially set apart for the payment of such claims.

Respectfully submitted.

ASSOCIATED CREDITORS
Of the City and County of San Francisco.

J. P. LeCOUNT, Chairman.

Referred to Committee on Finance.

Also: Amend the amendment by adding thereto "without the written consent of the said Board of State Harbor Commissioners."

Also: Amend by adding to section one, line thirty, the following:

AYES—Senators Beard, Bert, Biggy, Burke, Earl, Fay, Flint, Franck, Gesford, Gleaves, Holloway, Langford, Martin, Mathews, McAllister, Pedlar, Shippee, Smith, Voorheis, Whitehurst, and Withington—21.

NOTES—Senators Aram, Arms, Androus, Dunn, Hart, Henderson, Hoyt, Linder, Mahoney, McGowan, Mitchell, Orr, Seawell, Seymour, Shine, Simpson, and Toner—17.

EXPLANATIONS.

Senator McGowan asked that the following explanation of his vote, on concurrence in Assembly amendments to Senate Bill No. 709, be entered in the Journal:

As an explanation of my vote upon the amendment to Senate Bill No. 709, published on page eighteen of the Journal of the Senate of this date, I desire to say that the amendment proposes a "lease" of water front upon the bay of San Francisco. Section three of article fifteen declares that "all tide lands within two miles of any incorporated city or town in this State and fronting on the waters of any harbor * * * used for the purposes of navigation shall be withheld from grant or sale to * * * corporations."

The word "grant" as used in the Constitution, includes a lease.

This being true, I am of the opinion that the proposed amendment is within the inhibition of the Constitution.

I vote "no" upon the question of concurrence, in the hope that a committee of "free conference" may be appointed, and that such committee propose an amendment to the bill in question, empowering the Board of State Harbor Commissioners to permit the use and privileges of terminal facilities to any road, under such conditions and circumstances as now used and held by other corporations.

I am unalterably opposed to the granting of public property or rights which should be held by the people to any corporation. The history of this State demonstrates the utter folly of the people giving to corporations valuable rights and property.

Senator Orr gave the following explanation of his vote, and asked that it be printed in the Journal:

I vote "no" because there is no provision in this bill requiring one mile of road to be built, and while there is one prohibiting the assignment of this lease, there is none prohibiting the sub-letting of any portion of the property, and it may result in the control of this whole property by a corporation for private purposes, to the loss of the State.

Senator Simpson explained his vote by stating that the written explanation of Senator McGowan were his sentiments, and the further reason that a lease of fifty acres of valuable property on the water front in the city of San Francisco, for one thousand dollars per year, amounted to nothing more nor less than a gift by the State, which was positively prohibited by the Constitution, and therefore he voted "no."

Senator Seawell gave the following explanation of his vote, and asked that it be printed in the Journal:

I voted against Assembly amendments to Senate Bill No. 709 for the following reasons:

First—I do not believe that the grant under the amendments is properly guarded. It is provided in one of the amendments that the corporation to whom the lease was made for a period of fifty years, at a rental not exceeding one thousand dollars per annum, shall proceed within six months from the date of said lease to improve said premises, for the purpose for which the lease is made, and shall proceed thereafter, with reasonable diligence, to construct such improvements, and in the event of failure to improve the same, or some part thereof, within the time specified, said lease shall be forfeited. It does not appear from said amendment what improvements are to be constructed thereon, nor the amount thereof, but simply that some part thereof shall be improved.

Second—I am opposed to granting to corporations any right to direct and control the property that rightfully belongs to the government of the State of California. Past experience with corporations has shown that grants of this kind are most dangerous to the commonwealth.

Third—It is my opinion that sections one, two, and three of article fifteen of the Constitution repose the direction and control of such properties in the authority exclusively of the State. It is provided in section two of article fifteen that the Legislature shall enact such laws as will give the most liberal construction to said provisions, so that access to the navigable waters of this State shall always be attainable for the people thereof. It is provided in section three of said article that all tide lands within two miles of any incorporated city or town in this State, and fronting on the waters of any harbor, estuary, bay, or inlet, used for the purpose of navigation, shall be withheld from grant or sale to private persons, partnerships, or corporations. It is contended by some that the words in the Constitution, "within two miles of an incorporated city," do not include lands of this character actually within an incorporated city. But in my opinion the framers of the Constitution intended by this provision, not only to inhibit the granting of such lands within two miles of such incorporated city, but especially to forbid the granting of any lands of this character to any persons, partnerships, or corporations within such incorporated city. From an examination of the proceedings of the Constitutional Convention, it appears that a delegate desired to add to section three the following: "But sites for wharves, warehouses, or other necessary incidents to commerce, excepting in the waters of the bay of San Francisco, may, upon application to the Boards of Supervisors in the counties in which such sites are situated, and after due public notice of such application, be leased by such boards for a term of twenty years, or less, under such regulations as may be prescribed by law." This amendment was rejected, as will appear in volume three of the Constitutional Debates, page one thousand four hundred and eighty-one. It is therefore conclusive to my mind that by forbidding the granting and selling of lands of this character it was the intent of the framers of the Constitution that such lands should not be leased. As a proposition of law the word "grant" is of an extensive signification. I think the State should not surrender a right so valuable from any feeling of hostility to another corporation, which has heretofore secured valuable concessions to which they were not entitled, and which was almost a crime to grant.

Senators Arms and Seymour stated that their reasons for voting "no" were the same as given by Senator McGowan.

Senate Bill No. 709 as amended ordered to enrollment.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, March 12, 1895. }

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bills Nos. 250, 436, 437, and 34.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, March 12, 1895. }

To the Senate of the State of California:

I herewith return, without my approval, and with my objections thereto, Senate Bill No. 694, being "An Act to add a new section to the Code of Civil Procedure, to be known as section seven hundred and fifty, relating to suits to quiet title to, or determine adverse claims to real or personal property, or both."

I cannot understand wherein the proposed law as drafted, with the many merits that it contains, would be generally beneficial to litigants, and I can perceive many instances in which the same would be dangerous and injurious to such litigants, in overturning long established modes of procedure, and in depriving them of their right of trial by jury.

JAMES H. BUDD, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, March 12, 1895. }

To the Senate of the State of California:

I herewith return, without my approval, and with my objections thereto, Senate Bill No. 257, being "An Act to add a new section, to be numbered five hundred and fifteen, to an Act entitled 'An Act to establish a Penal Code,' approved February 14, 1872, relating to the crime of embezzlement."

The general purpose of the bill is admirable, but in expressing that purpose the Legislature has fallen into an error fatal, in my opinion, to the efficacy of the measure.

It provides that the general owner of a thing in which another has a special property, a joint owner, or an owner in partnership, may embezzle the property so held by him, "by dealing with it in such a way and with such intent as would amount to that offense if the offender had no interest in the thing." The right of joint owners, or members of a partnership to deal with the joint or partnership property, rests entirely upon the existing relationship and the limited ownership. A partner, for example, has the right to deal with partnership property in ways which, if employed by one who has no interest in it, would at once establish the offense of embezzlement. By reason, therefore, of the phrase quoted, the measure becomes unjust in making an offense of a perfectly legal act, and renders the whole bill obnoxious as being oppressive and unconstitutional.

JAMES H. BUDD, Governor.

On motion of Senator Voorheis, the consideration of the Governor's messages relating to the Governor's veto of Senate Bills Nos. 694 and 257 was postponed, and made a special order for this evening, at seven o'clock and thirty minutes.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }

To the Senate of the State of California:

I hereby nominate Mr. James M. Morrison, of Sacramento, to be Fish Commissioner, vice Joseph D. Redding, resigned, and invoke the approval and concurrence of your honorable body.

JAMES H. BUDD, Governor.

On motion of Senator Arms, the further consideration of the Governor's message, relating to the nomination of James M. Morrison, was postponed, and made a special order for this evening, at seven o'clock and thirty minutes.

The valuation of 1895 cannot be much, if any, larger than that of last year, so it is obvious that the 50-cent limit for 1895 has been reached, and that all appropriations hereafter allowed will be in excess of the 50-cent tax.

EXPLANATIONS.

Senator McGowan asked that the following explanation of his vote on the passage of Senate Bill No. 875 be entered in the Journal:

So ordered.

I vote "no" upon Senate Bill No. 875, as amended, because—

First—It is unconstitutional in that it prescribes an arbitrary classification for a purpose not contemplated or permitted by the Constitution. (Article XI, Section 5, Constitution; *Darcy vs. Mayor, etc., City of San Jose*, 38 Pacific Reporter 500.)

Second—It delegates, in violation of the Constitution, legislative powers to the people, that if properly conferred by the Legislature should be exercised by the Board of Supervisors. (*Ex parte Wall*, 48 Cal. 279.)

Third—It attempts to confer upon an alleged Board of Trustees powers, duties, and rights that cannot be exercised by any authorities but the Board of Supervisors. (Section 13, Article XI, Constitution; *Yarnell vs. City of Los Angeles*, 87 Cal. 603.)

It is unconstitutional upon the further grounds that the bill endeavors to "pledge the faith of the county," and is against the spirit of the Constitution, in that it contemplates a business to be conducted by a county or a Board of Trustees not a part of or consistent with the functions of county government.

Senator Aram stated that his reasons for voting "no" were the same as given by Senator McGowan.

ASSEMBLY JOINT RESOLUTION No. 9.

Joint resolution relative to requesting Congress to so amend the laws granting certain arid lands to the States, as to permit the State of California to reclaim such lands and retain the ownership thereof, for the purpose of constituting a permanent endowment of the public schools and the State University.

WHEREAS, The Congress of the United States, by section four of an Act approved August eighteenth, eighteen hundred and ninety-four, entitled "An Act making provisions for sundry civil expenses of the Government for the fiscal year ending June thirtieth, eighteen hundred and ninety-five, and for other purposes," granted to each of the States in which there may be situated desert lands, as defined by law, not exceeding one million of acres in each State, for the purpose of aiding and reclaiming the said lands, by the terms of which Act the State in which said lands are situated is authorized to make application by filing with the Secretary of the Interior a map of the lands to be retained, together with a plan showing the mode of contemplated irrigation, and the Secretary of the Interior is required to issue patents to the State for said lands when reclaimed and settled in tracts not exceeding one hundred and sixty acres for one person; and whereas, the said Act requires said lands to be sold and the proceeds of such sale to be applied to the reclamation of such lands; and whereas, there are in said State of California fully one million acres of arid lands, now worthless, which if reclaimed would be of the value of one hundred million dollars, or more, and the same could be reclaimed by the State at a reasonable cost, and after being reclaimed could be made a permanent endowment for the public schools and University of the State, creating

REPORT OF STANDING COMMITTEE—(OUT OF ORDER).

The following report of standing committee was read:

ON FINANCE.

SENATE CHAMBER, SACRAMENTO, March 15, 1895.

MR. PRESIDENT: Your Committee on Finance, to whom was referred Assembly Bill No. 314—An Act to provide for the payment of the claim of C. S. Merrill, for services as stenographer, and professional services performed upon Court of Inquiry, San Francisco, as per Special Orders, Commander-in-Chief, No. 12, dated September 8, 1894.

If the services performed by the stenographer were authorized by the Court of Inquiry, and if the charge made is reasonable and just, the claim should be allowed by the Board of Military Auditors, and made payable from the liberal appropriation of two hundred and fifteen thousand dollars for armory rents and other expenses of the National Guard for the forty-fifth and forty-sixth fiscal years.

The Court of Inquiry, for which this service was performed, found that two companies should be mustered out. In accordance with the report, the Commander-in-Chief ordered the companies mustered out; hence, the saving in the allowance for two companies for six months of the forty-sixth fiscal year is more than sufficient to pay the claim of the stenographer. The money should be in the Military Fund, and the claim should be presented to the Board of Military Auditors.

The Finance Committee is convinced that the allowance by the Legislature of this claim for services performed for the Court of Inquiry, would pave the way to the introduction of similar claims in connection with Military Courts. With the precedent of one appropriation established by the Legislature, there is no telling where like demands on the Treasury would end.

The committee, therefore, respectfully report, recommending that the bill do not pass.

VOORHEIS, Chairman.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 15, 1895. }

To the Senate of the State of California:

I return herewith, without my approval and with my objections thereto, Senate Bill No. 75, entitled "An Act making an appropriation for reimbursing the county of Marin for moneys expended by it for the prosecution of crimes committed within the State Prison at San Quentin, and for inquests held over the bodies of convicts who have died within said prison."

The State owns and controls the State Prison at Folsom. The State also owns and controls other State institutions in various counties of the State, and if the State reimburses one county for money expended by that county in the prosecution of crimes committed in a State institution in that county, and for inquests held over the bodies of prisoners restrained by the State in such institutions, who have died therein, it should reimburse other counties for moneys expended by those counties in the prosecution of crimes committed in State institutions therein, and for inquests over the bodies of prisoners restrained by the State in such institutions who have died therein.

The State owns and controls insane asylums and reform schools in different counties of the State.

It is provided in section twenty-five of article four of the Constitution, that the Legislature shall not pass local or special laws in certain cases enumerated in that section, and in all other cases where a general law can be made applicable.

If the State should reimburse counties for money expended in the prosecution of crimes committed in State institutions in those counties, and for inquests over the bodies of persons restrained by the State in such institutions who have died therein, it should, in my opinion, be under the provisions of some general law.

It is, however, certain that if the bill herewith returned becomes a law, it will be a precedent for other counties to claim from the State reimbursement for any moneys expended by such counties under like circumstances; and in that way the expenses of the State government may be greatly increased, although such expenses are now so large that they are heavy burdens to the taxpayers of the State.

JAMES H. BUDD, Governor.

CONSIDERATION OF THE GOVERNOR'S VETO OF SENATE BILL No. 75.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—Senator Martin—1.

NOES—Senators Aram, Arms, Androus, Beard, Bert, Burke, Dunn, Fay, Flint, Franck, Gesford, Gleaves, Henderson, Holloway, Linder, Mahoney, Orr, Seawell, Seymour, Shippee, Simpson, Smith, and Whitehurst—23.

The provisions of the bill are in conflict with those of section twenty-two, of article four of the Constitution, which declares that "no money shall ever be * * * drawn from the State Treasury for the use and benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and

control of the State as a State institution, nor shall any grant or donation of property ever be made thereto by the State; *provided*, that notwithstanding anything contained in this or any other section of the Constitution, the Legislature shall have the power to grant aid to institutions conducted for the support of minors, orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances, such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions."

REPORT OF STANDING COMMITTEE—(OUT OF ORDER).

ON FINANCE.

SENATE CHAMBER, SACRAMENTO, March 15, 1895.

MR. PRESIDENT: In connection with the tax levy for the forty-seventh and forty-eighth fiscal years, your Finance Committee deems a statement of facts necessary in order that the position in which this Legislature has been placed may be clearly understood. The question was presented whether the State should pay its debts or resort to delay and evasion equal to repudiation. The Finance Committee at the outset was confronted with a startling number of deficiencies, and in many instances large amounts had been authorized, as the law permits, by the unanimous consent of the Board of Examiners, and these deficiencies had to be allowed.

During the month of July, 1894, the Governor deemed it necessary, in order to preserve life and protect property, to call into active service several regiments of the National Guard of the State. To pay the troops for the service rendered, and to discharge the demands for supplies furnished during the campaign, claims to the amount of \$184,000 were referred to this Legislature. The demand on the treasury for this amount had to be met, although the expenditure was unexpected and in a sense extraordinary.

The system of public institutions in this State is so established that it must, in the nature of things, be expensive to maintain. The Legislature found many of the buildings unfinished, and allowed reasonable sums to complete certain improvements and provide for necessary repairs. The sums allowed are from forty to fifty per cent less than the amounts called for by the various boards of management. It was deemed best by the Finance Committee to recommend the allowance of money sufficient to keep the buildings in proper repair and to provide the equipment, which will effect a saving in the expenses of future management. The sums allowed will put the public institutions in good form throughout the State, and if a proper conduct of affairs at each institution is exacted, a large saving in the future will follow.

The Finance Committee presents herewith a schedule of the demands for deficiencies, improvements, and claims, which may have to be included in the general allowance for the forty-seventh fiscal year.

While these demands for which the Legislature is in no sense responsible are many, and in the aggregate involve the outlay of a large sum of money, the obligation to discharge them is not diminished. The Finance Committee believes it best to meet the situation squarely, pay off all demands of a just character, and begin with a clean score, instead of handing over the claims and deficiencies to the next Legislature.

In the line of permanent retrenchment, good work has been done, and the result should be a very low tax levy for the forty-eighth fiscal year. The repeal of the law providing State aid for aged persons in indigent circumstances will save in two years (according to the Controller's figures of last year) the sum of nine hundred and twenty-three thousand four hundred dollars. The repeal of the coyote bounty will effect a further saving of two hundred and seventy-five thousand dollars in two years. These two items constitute a reduction of one million one hundred and ninety-eight thousand four hundred dollars, and represent the best reform work of the session, from the Finance Committee's point of view. The reform is of a lasting character, and its influence will be manifest in the diminished tax levies of succeeding years.

Section four of the General Appropriation Bill gives the Board of Examiners a firmer grasp on public institutions than it ever had before, and the result should be a comprehensive system of disbursing the public moneys in this direction. Under this Act, not more than one twenty-fourth part of the amount appropriated for each department or institution for the two years ending June 30, 1897, shall be expended during any one month, unless by consent of the State Board of Examiners. The operation of this section will give to the State the advantage of a system which has been tested in San Francisco under the law known as the McOppin One-Twelfth Act. It provides a check on extravagance in public affairs, such a check as should be applied to State institutions.

EXPLANATIONS.

Senator Mathews gave the following explanation of his vote, and asked that it be printed in the Journal:

I vote "no" on Assembly Bill No. 736 for the following reasons: It is a recognition of a private business or profession, and the granting of a right to pension the members thereof is not in accord with the functions of government, as I understand the same. The people of the State are opposed to any law that would recognize the principles in this bill; and in my opinion, while the form that this bill has taken is not in itself objectionable, it would lead to abuses hereafter, and would be extended at once to encroach upon the inherent rights of the people. It is easy to start a matter of this kind; it is difficult to arrest it after it is once in operation. All measures of this kind are commenced in an inoffensive way, and after they are once engrafted upon the law, they become a means of abuse. The State now educates the teachers, and equips them for the business of teaching. As a class they command good salaries; and I don't believe that they are entitled, as a matter of right or justice, to have the people taxed to maintain them as to fit themselves for the business, and afterwards to take care of them when they become unfit for the business.

Senator McAllister voted "no" for the same reasons given by Senator Mathews.

CASE OF URGENCY—FIRST, SECOND, AND THIRD READINGS OF BILL.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 16, 1895. }

To the Senate of the State of California:

I return herewith, without my approval, Senate Bill No. 239, entitled "An Act to regulate the sale and redemption of transportation tickets."

While this bill professes to be a regulation of the selling and redeeming of transportation tickets, it goes far beyond that. While it is claimed that it is an attempt to regulate or prohibit the sale of tickets by persons known as "scalpers," it in fact prevents and prohibits the sale of tickets by individuals who have received or purchased them lawfully and in good faith. Under the provisions of this Act a citizen purchasing a ticket with a *bona fide* intention to travel upon the same, may sell the ticket to any individual or corporation, and the law thereby authorizes the purchase of such ticket by such other person; yet the person who thus purchases, under authority of law, and for a valuable consideration, the ticket, becomes a criminal when he either sells or gives to another the property and the right he has procured under direct authority of the Act.

Again, the minimum punishment prescribed by section five of this Act is two hundred dollars. Should a man steal a railroad ticket of any value under fifty dollars, he is by the law punishable for committing a misdemeanor. There is for the offense of stealing the ticket, if a misdemeanor, no fixed minimum penalty, and the maximum penalty would be a fine of five hundred dollars and six months' imprisonment. So that the man stealing a ticket of the value of less than fifty dollars, with intent to deprive the owner thereof of his property therein, could not be punished by a fine not to exceed five hundred dollars, nor by imprisonment to exceed six months, or both, and might be fined by the Court in the sum of one dollar, or even less; yet a man purchasing a railroad ticket from Oakland to San Francisco for ten cents, or a ticket from San Francisco to Sacramento by way of Stockton for three dollars and thirty cents, may sell the ticket or give it to a friend; but if the person to whom he sold or gave the ticket should sell or give it away honestly and without any criminal intent, he would become a criminal, and be liable to punishment by a fine of not less than two hundred dollars, and the Court would have no power to impose a less punishment upon him. Why a man selling a railroad ticket, because it is a railroad ticket, should be thus severely punished, while a man who steals the property of a private individual of many times the value of a railroad ticket may be fined but a small amount, is something beyond my comprehension. To sell a railroad ticket of the value of ten cents a second time makes a man a criminal under this Act, with no less a penalty attached than a fine of two hundred dollars, and yet a person may steal from a poor man all he has—so long as it be under fifty dollars in value—and the penalty therefor is a fine in any sum less than five hundred dollars, and imprisonment not to exceed six months. For no other reason than this, the law should not be enacted. Beyond this there are other objections, all of which it is needless to state.

Under section one of the Act it is provided that it shall be the duty of owners, lessees, etc., of transportation companies, as stated in the bill, to provide each an agent who may be authorized to sell tickets or other documentary evidence of the right to travel upon "such railroad, steamboat, or other conveyance, with a certificate," etc. If this bill could have interstate operation, and even though it may not have such operation, if it became a law the meaning of the little word "such" would be so broad as to allow any transportation company to prevent any other transportation company having connections with it, from selling any tickets through the connecting lines without the

authority of the owner of each and every such line. In other words, a railroad company owning a line running from San Francisco to Martinez or Stockton, connecting with a line of another company running from Stockton to Tulare, and that of another company owning a line running from Tulare to Los Angeles, might be prevented by each and every one of these companies—whether under a lease or otherwise—from selling any tickets except through an agent of such other companies. The agent of company A might refuse to give to the agent of company B the right to sell tickets over company A's line, and it would be so authorized to refuse by this Act, and thereby a system, either state or interstate, of requiring owners of connecting lines of railroads to pay owners of other lines of railroads for the privilege of thus selling through connecting tickets would be established. Whether this was contemplated or not, it would work a great hardship to the people and to connecting transportation lines.

The Legislature will observe that there is no regulation of the sale of tickets by "scalpers," and while "scalpers" are denounced—whether unjustly or not—in transacting their business the drag-net of the law proposed reaches far beyond them. If they forge tickets, or allow them to be changed, there are criminal laws to punish them. If they deal in tickets as they ought not to do, and these tickets cannot now be traced, a law regulating or even prohibiting the business of "scalpers" might be passed. We prohibit, license, or regulate the business of selling liquors, but we do not usually prohibit, license, or regulate the giving of liquors to a man by his friends. There is a vast difference between an Act to regulate or prohibit a business as such and an Act reaching to an individual in the exercise of his rightful use of property belonging to himself.

JAMES H. BUDD, Governor.

CONSIDERATION OF THE GOVERNOR'S VETO OF SENATE BILL No. 239.

The question being, "Shall the bill become a law, notwithstanding the objections of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Aram, Arms, Androus, Beard, Bert, Biggy, Burke, Earl, Fay, Ford, Franck, Gesford, Gleaves, Henderson, Holloway, Mahoney, Mathews, McAllister, Mitchell, Orr, Pedlar, Seawell, Seymour, Shine, Shippee, Voorheis, Whitehurst, and Withington—28.

MOTION.

Senator Burke moved that the Senate advise and consent to the appointment of Henry C. Gesford, of the county of Napa, to the office

of Insurance Commissioner, vice J. N. E. Wilson, term expired April 15, 1894.

Upon the question, "Will the Senate advise and consent to the appointment of Henry C. Gesford, of the county of Napa, to be Insurance Commissioner, vice J. N. E. Wilson, term expired April 15, 1894?"

By direction of the President pro tem., the roll was called, with the following result:

AYES—Senators Aram, Arms, Androus, Beard, Biggy, Burke, Dunn, Fay, Flint, Franck, Gleaves, Hart, Henderson, Holloway, Hoyt, Langford, Linder, Mahoney, Martin, Mathews, McAllister, Mitchell, Orr, Pedlar, Seawell, Seymour, Simpson, Smith, Toner, Voorheis, and Whitehurst—31.

NOES—Senators Bert, Denison, Ford, Shippee, and Withington—5.

Whereupon the President pro tem. announced the appointment of Henry C. Gesford, of the county of Napa, to be Insurance Commissioner, duly confirmed.

EXPLANATIONS.

Senator Bert gave the following explanation of his vote, and asked to have the same printed in the Journal:

MR. PRESIDENT: I have had the honor of personal acquaintance with the honored gentleman from Napa for many years past. I have had the privilege of intimate association with him professionally and fraternally during the few years last past; and during the present session, his entire course has been such as to inspire in me feelings of warm admiration and profound respect. I thoroughly recognize and properly appreciate his great and eminent ability; his sterling and unquestioned integrity, and I desire to state here, publicly, that there is no gentleman in California for whom I would more readily vote, to confirm in any position, than my honored friend, Senator Gesford; but, in my opinion, no legal vacancy exists, and I question the right of Governor Budd to nominate an Insurance Commissioner at this time. The present incumbent was appointed by Governor Markham, and confirmed by the Senate, for the term of four years. He entered upon the discharge of his duties in April, 1894, and is legally qualified to hold until April, 1898; he has discharged his duties in a prompt, able, intelligent, and conscientious manner. It is a matter of common repute in insurance circles, that he is one of the best Commissioners who ever held the office since the creation of the same. I see no just or legal reason for his removal, and I therefore vote "no." In doing so, I desire to state most emphatically that I intend no reflection upon Senator Gesford; on the contrary, as before stated, I entertain only sentiments of profound respect and warm friendship for him, and if a legal vacancy existed I should esteem it a great privilege and high honor to vote to confirm him in any position.

EUGENE F. BERT.

Senator Ford gave the following explanation of his vote, and same was ordered printed in the Journal:

I vote "no" upon the sole ground that, in my opinion, there exists no vacancy in the office of Insurance Commissioner. Did such vacancy exist, there is no citizen of this State for whose confirmation I would more gladly vote than the able and honorable Senator from Napa, for whose integrity and ability I have the highest regard.

APPOINTMENT OF COMMITTEE.

The Chair appointed as the committee to wait upon the Governor, Senators Voorheis, Denison, and Burke.

REPORT OF SPECIAL INVESTIGATING COMMITTEE.

MR. PRESIDENT: Your committee heretofore appointed to investigate certain matters contained in a resolution adopted by your honorable body, March 12, 1895, a certified copy of which is hereto attached and made a part hereof, beg leave to report as follows:

That, in pursuance of the authority conferred by said resolution, your committee met in room 14, Capitol building, on Wednesday, the thirteenth instant, at nine o'clock and thirty minutes A. M., to proceed with said investigation.

Senator Biggy, named in said resolution, having been duly notified of the time and place of said meeting, and being present in person, and stating that he desired to be represented by counsel, and that it would be impossible to proceed with said investigation at said time without counsel, your committee then asked that the name of the person whom he charged with having offered him money to "stand in" with a combination, be at that time disclosed, in order to allow such person to prepare and make his defense. He stated that Senator Dunn was the man. Senator Dunn being present and having heard the charge made by Senator Biggy, stated that he was ready to meet the charge.

Whereupon, your committee, at request of Senator Biggy, adjourned until Thursday, the fourteenth instant, at nine o'clock A. M., in order to allow him to procure counsel.

On Thursday, the fourteenth instant, your committee met, pursuant to adjournment, and Senator Biggy not being present in person, owing to the death of his sister, your committee, at the request of W. W. Foote, his counsel, adjourned to meet on Friday, the fifteenth instant, at eight o'clock and thirty minutes P. M.

Friday, March 15, 1895. Your committee met pursuant to adjournment, in room 14, Capitol building, and Senators Biggy and Dunn both being present in person and by counsel, thereupon we proceeded to hear and determine the evidence, which was in substance as follows:

Senator Biggy testified that Senator Dunn had told him that he could make eight thousand dollars if he would "stand in" with a combine on some of the "cinch bills," and fixed the time and place of said conversation between them.

Senator Dunn being examined, denied that he had ever, at any time or place, made such offer, or had such conversation with Senator Biggy. Julius Kahn testified to a conversation with Senator Dunn during the present session, in which conversation Senator Dunn made a statement to him in reference to certain insurance bills, and that it would take money to defeat them, all of which was denied by Senator Dunn.

Counsel for Senator Biggy offered to show that Senator Biggy had communicated to numerous other persons the conversations with Senator Dunn, but the same was rejected by your committee, on the grounds of being self-serving and therefore incompetent.

Some statements being made by counsel for Senator Biggy, intimating that a combine existed in the Senate, your committee asked if they were prepared to make a charge to that effect, and counsel for Senator Biggy then answered as follows: "I have a number of witnesses here, but under the rule of the committee, we cannot put them on. I do say, however, that if the committee will get the authority from the Senate to sit after the adjournment of the Legislature, we are prepared with a mass of evidence not only upon this charge, but upon others affecting many people. I would ask this committee to get that authority."

Your committee concludes as follows: That the evidence of Mr. Kahn is not sufficiently corroborative to overcome the conflict in the evidence between Senators Biggy and Dunn; therefore, we are unable to decide, from the evidence adduced, the truth or falsity of the charge in said resolution contained.

We further report that we did not, in our opinion, have time to enter into the question as to a combine, and complete the investigation within the life of this Senate, and therefore refused to hear any evidence concerning the same.

From all the evidence adduced, it is plain that one of the Senators involved in this affair has sworn falsely, and should be held up to the world in his true light, and be punished for his misconduct. On the other hand, it is equally plain that one of them has spoken the truth, and it is but meager justice to him that he be able to substantiate his words more fully than has been possible in the very limited time at the disposal of this committee.

From both considerations, therefore your committee recommend, first, that the whole matter be referred to the grand jury of Sacramento County, now in session; or, second, that this committee be continued in existence with power to sit during a recess of the Legislature, and to report the result of its labors to the Governor.

We feel that some further inquiry is due to the innocent party, to the people of the State, and to the good name of this honorable body.

We herewith transmit a transcript of all the evidence taken in said investigation, all of which is respectfully submitted.

L. A. WHITEHURST,

At nine o'clock P. M., President pro tem. Hon. Thomas Flint, Jr., resumed the chair.

The report of the committee was thereupon accepted, and the committee discharged.

RESOLUTION.

By Senator Fay:

WHEREAS, The Chairman of the committee appointed to investigate the charges implied from the language used by Senator Biggy in the presence of the Senate, of a corrupt combination of members of the Senate of the State of California, also of the unlawful expenditure or promise of payment of money on the part of persons, corporations, and associations, to influence legislation, or obstruct and defeat the progress of the same; and also, the employment of agents or lobbyists for the purpose of corruptly influencing the actions and votes of members of the Senate, will be unable, on account of the short time intervening before the day fixed for adjournment, to fully investigate the charges; and whereas, said statements are of such a character as to cause widespread notoriety, and to lead the people of the State of California to infer that members of the Senate are or have been corruptly influenced, or that the Senate of this Legislature is and has been corrupt in its proceedings and actions; therefore, be it

Resolved, That the committee of five appointed by the President pro tem. of the Senate, and consisting of Senators Simpson, Smith, Aram, Seawell, and Whitehurst, shall fully investigate the charges and statements made by Senator Biggy, and said committee shall have full power to send for persons, books, papers, and documents; shall have power to administer oaths to witnesses, and to do all other acts necessary to arrive at a full, free, and thorough investigation of said charges.

Resolved, That said committee shall hold sessions at such times and in such places as it may determine, during the present session of the Senate, and after the adjournment thereof; and said committee shall transmit, from time to time, to the Attorney-General of this State, a full record of all its proceedings—including a transcript of the testimony taken; and be it further

Resolved, That the Controller be and he hereby is authorized and directed to draw his warrant upon the Treasurer for such sum or sums as may be required to defray all expenses necessary and incident to this investigation, subject to allowance by the Board of Examiners, and payable out of the General Fund.

Resolved, That the Attorney-General be and he is hereby requested to attend the sessions or meetings of said committee, and examine such witnesses as he may desire to examine, and assist the said committee in its investigation, and that he be requested to present to the grand jury of any county having jurisdiction of any offense which may be discovered, the names of witnesses and testimony disclosed, or to have presented before a committing magistrate such person or persons who in his opinion the evidence discloses has committed a public offense.

Senator Fay moved the adoption of the resolution.

At nine o'clock and fifteen minutes P. M. Hon. Tirey L. Ford, Senator from the Third District, was called to the chair.

"That the whole matter be referred to the Grand Jury of Sacramento County, now in session."

Being part of the report of the Investigating Committee, be substituted for the resolution of Senator Fay.

Substitute adopted.
